# PUBLIC SWAMP?

**Zola Moeng, one of the life guards at the Rustenburg Municipal Swimming Pool, dissatisfied with the state of the swimming pools.**

**Gean Legoboy, manager at the Rustenburg Municipal Swimming Pool, stood his ground on Wednesday, 15 February 2017, and waited at the municipality's offices from 07h00 up to 15h30 until he finally received funds to buy chemicals for the swimming pools. The quantity was threefold the usual, since converting a 'green' swimming pool takes a good deal more chemicals, than the general upkeep thereof. As you can see in the photo, the colour of the water is slowly improving.**

**Rustenburg** – This is what the only open public swimming pool in Rustenburg, the Rustenburg Municipal Swimming Pool (referred to as the 'Marais Street' public swimming pool) looked like – and that days before a major gala taking place at the public pool.

This photo was taken on Tuesday, 14 February 2017.

"This is completely unacceptable," Josey Harris, chief coach at the Rustenburg Swimming Club (RSC) and a swimming coach for nearly forty years, said in an interview with the *Platinum Weekly* newspaper. The Development Gala is still on track to take place this Saturday, 18 February 2017 and promises to attract large crowds.

"The reason for this is simple. The Rustenburg Local Municipality has not signed off on the chemicals requisition, and therefore the staff at the public pool cannot keep the pools on acceptable levels," Harris said.

"The municipality also didn't sign off on January's chemical requisition, and the RSC had to urgently create funds ourselves. We did this to accommodate the SA Schools Gala, which took place from 3-5 February 2017," Harris added. This gala catered for a crowd of about 1500-1800. "Our hands are cut off; we don't have the funds to pay bills that the municipality refuses to pay. The budget for the public pool is also a set budget, and the chemical bills are no surprise!"

In September 2016 the *Platinum Weekly* newspaper reported on the state of the public pool. A meeting between RSC and municipal representatives attended and promised to restore change rooms and ablution blocks in order to be wheelchair-friendly. Other areas of much-needed repairs were discussed. These improvements and/or repairs never took place.

## NW: Water Levels on 73.8%

The Department of Water and Sanitation on 8 February 2017 released a press statement, stating that the North West Province's water levels stood on 73.8%.

The statement further reads, "The dam levels have yet again improved marginally, with national water storage improving by a mere 0.6 percent from 55% last week to 55, 6% this week. At the same period last year, the dam levels were at 54.9%. This is despite recent rainfalls that were experienced in some parts of the country; an indication that the country is yet to overcome the drought. The Department of Water and Sanitation therefore continues to encourage water users to comply with by-laws of their respective municipalities by using water sparingly. The department would like to urge municipalities to continue with water restriction measures as dam levels are still below normal levels.

## Rustenburg: Water Restrictions

**Rustenburg** – The Rustenburg Local Municipality on Tuesday, 14 February 2017, released a press release stating that residents of Cashan Extensions, Protea Park Extensions, Geelhout Park Extensions, Tlhabane West extensions, Boschdal Extensions, Waterval Extensions, Rustenburg East, CBD, Safari Gardens Extensions, Kloof, Boitekong Extensions, Meriting Extensions, Freedom Park, and Tlhabane Extensions that water restrictions are in effect immediately.

The Rustenburg Local Municipality appeals to all consumers in the above mentioned areas to **use water sparingly**. The residents in the above mentioned townships are requested to adhere to the following restrictions which must be adhered to and are hereby imposed till further notice:

1. **Paving, driveways, or parking areas may not be cleaned with municipal water; and**
2. **No watering / Irrigating gardens with municipal water.**

For additional information, contact the RLM CALL CENTRE on 014-590 3090 / 3872 / 3088 / 3864 / 3519 / 3898.

"Due to the critical water shortage in the areas mentioned above, a fine will be imposed on residents who do not adhere to these restrictions. The Rustenburg Local Municipality has deployed law enforcement officers to monitor the compliance," Thapelo Matebesi, municipal spokesperson, confirmed.

The Municipality would like to thank all consumers for their co-operation and regret any inconvenience caused.
