## Magaliesberg accident leaves man fighting for his life

**Magaliesberg** – Just before 07h00 on Thursday morning, 6 April 2017, Netcare 911 paramedics and the emergency services from Magaliesberg responded to a truck that overturned on the R555 just past the Nimag corner in Magaliesberg. "Reports from the scene indicate that a tanker had veered off the road after rounding a bend and overturning," Chris Botha, Netcare 911 spokesperson said. Exact detail to the cause of the crash however will form part of the Police investigation. Paramedics and the Mogale fire department arrived at the scene and found the critically injured driver trapped in the wreckage of the tanker. Firemen worked tirelessly to free the man from the wreckage while paramedics stabilised him. After the man was extricated from the wreckage, he was placed on a ventilator and then airlifted to a specialised hospital for the care that he required.

## Hekpoort crash leaves one dead & one critically injured

**Hekpoort** – The Netcare 911 paramedics responded to a collision on the road to Magaliesberg in the Hekpoort area on Friday morning, 31 March 2017, at approximately 11h49. "Reports from the scene indicate that two vehicles collided head-on, and left a third vehicle unable to stop which then collided into them," Chris Botha, Netcare 911 spokesperson, said. Exact detail to the cause of the crash and preceding events is still speculative and will form part of the police investigation. The Netcare 911 paramedic team and fire services arrived at the scene and found that the driver of one of the vehicles, an elderly man tragically died on the scene due to the extensive injuries that he sustained. The driver of the Blue Corsa bakkie, a female in her thirties was still trapped in the wreckage with life threatening injuries. The occupants of the third vehicle miraculously escaped uninjured. The emergency personnel used the Jaws of Life and worked tirelessly for more than an hour to free the critically wounded female from the wreckage of her car. Paramedics stabilised the patient at the scene and then airlifted her with the Netcare 2 medical helicopter to a specialised hospital for the care that she required.

**Three vehicles were involved in the accident.**

## CRASH COUNT

**Rustenburg/Kroondal** – The team from Trauma Rescue in Rustenburg was summoned to the N4 Kroondal offramp on Friday, 31 March 2017 to an accident scene where a vehicle had been trapped under a double trailer, sixteen-wheeler truck. According to reports, the accident occurred at about 07h00. "The truck and trailer showed minor damage while the Atos has been described as a complete write-off," Weyland Bothma, Trauma Rescue station commander, said. "Fortunately the driver of the Atos survived relatively unscathed. In another unrelated accident, Trauma Rescue was summoned to the c/o Zand and Joubert streets on Tuesday, 4 April 2017. This specific intersection is notorious for chaos, as numerous accidents have already occurred at this spot. According to reports, an Opel Kadett and BMW collided on Tuesday. The driver of the BMW was unharmed and reported no injuries, but the driver and passenger of the Opel, an elderly lady and her help, were both treated for head injuries. They were stabilised before being rushed to the Job Shimankana Tabane Provincial Hospital.

**Both driver and passenger of this 'fender bender' had to be stabilised on scene before being rushed to hospital.**

**The driver of this Atos was fortunate to leave the accident relatively unscathed.**
