KUV Urban SUV

Rustenburg - The Guys from Mahindra Rustenburg recently invited the *Platinum Weekly* newspaper to review the new KUV100. And we were delightfully surprised with this Hatch SUV cross-over's functionality.

The first thing you will note when looking at this hatchback is it's aggressive front look with headlights which really grabs your attention while the hatchback still makes it a practical vehicle with easy access.

This front wheel drive urban SUV also offers a lot of ground clearance compared to other vehicles in its class.

Ease of driving and comfort took priority over outright rugged looks, which is great news for most when it comes to choosing your next family vehicle.

From the driver's seat you immediately notice that the KUV 100 provides a better view of the road, lifting you higher and giving you a clearer view of the road than most hatchbacks. It also offers great head room which is great news for hard-working, large South African men.

With additional compartments, storage spaces and a boot volume of 243 litres this little hatchback has extra space coming out of its ears...

Air-conditioning, infotainment, Bluetooth Audio with hands-free control on the steering wheel means you can concentrate on the road. While the KUV 100's antilock braking system, electronic brake force distribution and cornering brake control, power steering and dual airbags will keep you and your family safe.

But don't take our word for it, find out for yourself, book a test drive at Mahindra Rustenburg or visit their showroom at 15 Oliver Tambo Drive, Rustenburg.

You work hard. You're efficient. You're smart. And as a teacher,* the future of our children is in your hands. With long hours on preparation, marking and other activities it can often seem like your commitment goes unnoticed.

At Mahindra, we recognise you as an "everyday hero". And to prove it we want to give something back. **R7500 cashback*** to be precise when you buy a Mahindra KUV100. State of the art technology, comfort and incredible fuel efficiency at your fingertips. And some cash to do with what you will.

You deserve it.

To find out more or to arrange a test drive, visit us at 15 Oliver Tambo Drive, Rustenburg.

You work hard. You're efficient. You're smart. As a nurse* you often work long hours, sometimes it may seem, for little reward. And sometimes the people you are helping don't even know you are there.

At Mahindra, we recognise you as an "everyday hero". And to prove it we want to give something back. **R7500 cashback*** to be precise when you buy a Mahindra KUV100. State of the art technology, comfort and incredible fuel efficiency at your fingertips. And some cash to do with what you will.

You deserve it.

KUV100
the young suv

Like you it works hard. Like you it's efficient. Like you it's smart. You are made for each other. Spirited performance and class-leading diesel fuel consumption.

Air-conditioning, electric windows, infotainment centre with driver information system, Bluetooth audio and handsfree call with controls on the steering wheel, USB connectivity and charging points for your mobile devices. Dual airbags and ABS with EBD and CBC (Antilock braking, electronic brakeforce distribution and cornering brake control - which really just means we really want to look after you). And there's the cashback* of course.

You deserve it.
