# RCC DOES IT AGAIN!

**Rustenburg** – Members of the Rustenburg Cycling Club (RCC) participated in the Telkom 947 Road Cycle Challenge on Sunday 18 November at Riversand Commercial Park in Johannesburg.

Not only was it a new route with different trials, but the extreme heat made it even more challenging!

The Telkom 947 Cycle Challenge route tested riders with some tough climbs through the City of Johannesburg. Complete road closures gave cyclists the freedom of the city for the day and a once-a-year chance to experience the streets of Johannesburg without any vehicles on the roads.
