

LAYING THE FOUNDATION

Swartruggens – Pastor Venessa Joubert is adamant to better the lives of abused women and children. SHIB, a company based in Holland, managed to raise enough funds to assist pastor Venessa Joubert in her vision. On Monday 14 October, SHIB and 37 students from Holland came to lay the foundation for the Christ Crises Centre. This is their second outreach to build this safe haven.

A ground-breaking ceremony!

Counselling, food and shelter will be offered to victims that will take refuge at the centre. Kgetlengrivier Local Municipality dignitaries attended the ceremony.

"Through the centre we aim to change lives by introducing survivors to the real healer, Jesus Christ," said Venessa.

WE HUMBLE OURSELVES ON ACADEMIC EXCELLENCE

We instil Christian values and morals.

At Educare Christian Combined School, giving children an ideal academic grounding and teaching them the values that will shape them to become responsible and exemplary adults, is what we do best.

Educare Christian Combined School offers a safe learning environment that stimulates students to take a keen interest in their academic studies and prepares them to successfully meet the ever-changing demands of modern careers.

Situated at 25 Von Wielligh Street in the Rustenburg central business district, our institution is an English-medium school. We

have an impressive academic record which is complimented by our desire to instil Christian values and morals to all learners who pass through our doors.

With a maximum 25 learners in each class, we ensure that each student receives the attention they deserve from our qualified and experienced teachers.

We believe that education goes beyond helping students to pass. While helping them to achieve high scores is of the utmost importance, we believe that a well-rounded education is also about grooming our students and preparing them

for a life after school.

A quality education is one that focuses on the whole child – on the social, emotional, mental, physical, and cognitive development, regardless of gender, race, ethnicity, socio-economic status or geographic location. A quality education prepares the child for life, not just for testing. We help guide our learners to become young men and women who will have a positive impact on our society and encourage them to strive for great career paths such as lawyers, doctors, teachers, pilots, political leaders or any of the other many professions they may choose.

We are very excited to reveal that we will

be introducing a new class for Grade 8 in 2020, to add on to the other lower classes that we will continue to offer.

There are still a few spaces left for the 2020 academic year and we invite parents and guardians who are concerned about with their children's academic growth to take this journey with us. Make the right choice today and enrol your child at Educare Christian Combined School.

Here, excellence in quality education is our passion!

Our teachers are experienced and well-skilled educators.
