IT'S MINE

EMPTY MINE HOUSES ARE TARGETED BY THE LATEST EXPROPRIATION TACTICS OF LOCAL 'INTEREST GROUPS'.

Rustenburg – The illegal occupation of unoccupied houses has become a regular occurrence in Rustenburg. Tensions ran high when a group of people yet again attempted to illegally occupy empty houses in a complex in Cashan extension 33 on Wednesday 25 November. According to Sibanye-Stillwater's investors relations senior vice president James Wellsted, the empty houses in the complex belong to local mining companies. The identities of the 'interest groups' behind these invasions are unclear. Conflicting statements regarding those responsible for the latest unsuccessful attempt to illegally occupy empty houses are doing the rounds on social media with some saying it were members of the Economic Freedom Fighters and others saying it were members of the Greater Rustenburg Community Forum. What is clear is that these occupations are organised and that the people who initially invade the houses, are not the same people who eventually take occupation.

A STAND AGAINST CRIME

Rustenburg – Not even the rainy weather could deter Rustenburg's heroes from showing their support for the Rustenburg Mass Patrol Community weekend held from Friday 20 November to Sunday 22 November. Various community patrols, security companies, and civilians gathered at Impala Rugby Club and patrolled the streets of Rustenburg while patrollers ensured that residents in the rural areas - all the way from Olifantsnek to Rietvlei - slept soundly as they kept watch. Together they covered more than 2,637km during the operation.

PRESIDENT RAMAPHOSA CALLS FOR UNITY

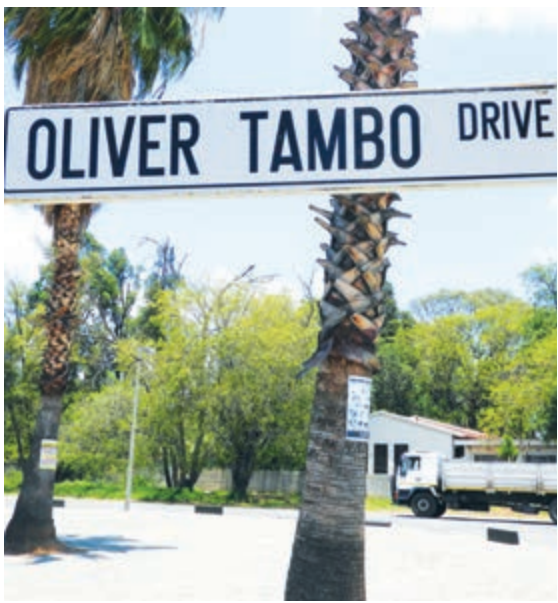

Rustenburg – President Cyril Ramaphosa paid a visit to the Rustenburg Civic Centre on Monday 23 November to assess the progress the ruling ANC has made in rebuilding party structures in the North West. The president urged party leaders to forge a united front and work collectively towards improving the efficiency of the ANC-led municipalities in the province. “We must also have the courage to renew the ANC,” Ramaphosa said, while addressing party officials from various parts of the North West. “We as the leaders of the ANC, here at this region, at a provincial level and at a national level must be united.”

The ANC is at the forefront of weeding out corruption within local municipalities and recalling party officials who are being accused of lining their pockets instead of implementing developmental projects that benefit communities. FOETUS FOUND IN DRAINPIPE

Rustenburg – A 24 to 26-week-old foetus was found in a drainpipe on the morning of Saturday 21 November. According to police spokesperson captain Elsabé Augoustides, the foetus was found in a blocked drainpipe in Oliver Thabo drive. A case of concealment of birth is being investigated.

SENSELESS DEATH OF THREE CHILDREN

Morokweng North West – The Morokweng police are investigating the discovery of three children aged four, five and six, found dead at Botsalano village near Morokweng (North West province) on Wednesday 18 November. According to police spokesperson brigadier Sabata Mokgwabone, the grandmother of two of the children left the children – who were playing in the yard – at approximately 10:00 to attend a funeral service nearby. “When she returned home at about 15:30, she found their lifeless bodies inside an old, unused vehicle parked on the property,” Mokgwabone said. Two of the children, Thabo and Thoriso Mohibidu are brother and sister, while the six-year-old Bokao Sheleng is a neighbour’s child. The death of the three children came just four days after another tragic incident in the North West, where three children were found dead inside a freezer at Mammulla village. Members of the community and parents are urged to keep a watchful eye on children to avoid incidents like these. We extend our sincerest condolences to the family and friends of the children.

STOLEN HERITAGE

Phokeng – The Kedar Heritage Lodge, Conference Centre and Spa, an internationally renowned showcase of 19th-century history, lost the statue of Phenyio to criminals in the early hours of Saturday 21 November. Phenyio, a Tswana Warrior, leaping off a rock was at the entrance to the lodge’s reception. A few weeks prior the life-sized bronze sculpture of an elephant, visible from the road to Sun City, lost a foot and tail to thieves. It is suspected that these items will be sold to scrap metal merchants who are asked to be vigilant and to report the sellers. In the meantime, the sculptures of other historical figures including Kgosi Mokgatle, Mahatma Gandhi, Sol Plaatje, and lesser known heroine Emily Back have been secured.

Over the years, hundreds of school children and tourists have visited Kedar to step back into the past and marvel at what transpired before they were born and how events unfolded. Losing Phenyio is not only a loss to Kedar but a loss to the entire community.

To report information that could lead to the culprits being apprehended, contact Pieter Kruger on 081 338 5523.

BURNING TYRES = WE DEMAND

Tlhabane – The North West Department of Health expressed their concern about the impact of a strike by community healthcare workers who want to be appointed as permanent government workers before the end of the year.

The protesters, who accuse the department of paying them unacceptably low wages and for delaying their permanent appointments, recently staged a protest at Tlhabane Health Centre. The disgruntled workers burned tyres and chanted slogans, claiming that their counterparts in Limpopo, Gauteng, Eastern Cape, and the Free State were appointed as full-time government employees.

The department, which has received a memorandum of demands from the striking workers, fears prolonged protests could impact negatively on their efforts to prevent a resurgence of COVID-19. Community

healthcare workers have become a critical part of the department's fight to contain the pandemic. The 22 clinics located within Rustenburg have been tasked with the responsibility of screening and testing members of the public as well as providing medication to patients.

In an interview with *Platinum Weekly*, North West Department of Health spokesperson Tebogo Lekgethwane said: "I am concerned about the element of criminality in the ongoing strike. While the department respects the right of people to strike, it does not extend to preventing patients from accessing health care, and the destruction of public property. The department has engaged the South African Police Services to assist in protecting public property and holding those responsible for damages - accountable."

WHAT YOU NEED TO KNOW ABOUT DEBT COLLECTION

SA – To be called a debt collector and to offer the services of a debt collector, a person must be registered with the Council for Debt Collectors in terms of Act 114 of 1998. Furthermore, the registration must be current. It is a criminal offence in terms of section 8(1) and section 25 of Act 114 of 1998 to claim to be a debt collector if not registered and in good standing with the Council for Debt Collectors.

Registered debt collectors are regulated by a regulatory body set up by an act of parliament and must abide by their respective industry codes of conduct. Registered debt collectors operate with pride and are calling on the public help stop unregistered and untrained thugs who operate illegally within the debt collection industry.

Before contacting or appointing a debt collector, consult the Council for Debt Collectors website (www.cfcd.org.za) to confirm their registration. Take the time to

report unregistered debt collectors to the respective regulatory bodies.

Mike Bolhuis, specialist investigator into serious violent and serious economic crimes, press release extracts, November 2020

The credit squeeze is being felt by everyone increasing the need for debt collectors.

CRACKDOWN ON ILLEGAL ELECTRICITY CONNECTIONS

Rustenburg – Over 18 liquor outlets in the jurisdiction of the Rustenburg Local Municipality (RLM) were investigated for compliance with the municipal regulations. The electrical unit and fire safety inspectorate of the RLM, the Rustenburg police and the North West liquor board combined forces to hold liquor retailers accountable.

The site inspections were done following many reports of the regulations being ignored following the easing of lockdown nationwide. The following misdemeanours were fined:

- One business for fire safety non-compliance and selling food illegally;
- An establishment operating in the Rustenburg North area for contravening COVID-19 regulations;
- A liquor-selling business based in the Karlien Park area for illegal electricity connections; and
- A Rustenburg outlet for illegal electricity connections and contravening various liquor regulations, failure to keep documentation on-site and to ensure on-site consumption.

The RLM encourages residents to report incidents of illegal electrical connections, which have dire consequences to service paying residents such as power trips owing to the overloaded electrical network.

LAWS TO PROTECT GREEN INFRASTRUCTURE

Rustenburg – The Magaliesberg Biosphere Reserve (MBR) board representatives met with the directorate of environmental quality management of the Department of Environment, Economic Development, Conservation and Tourism (DEDECT) at the Kerk Street offices on Thursday 12 November.

Environmental quality management chairperson and director Portia Krisjan indicated that the meeting was called to clarify the mandate of provincial DEDECT officials and to provide feedback on some of the environmental crimes dating back to June 2020 that the MBR had reported.

South African legislation recognises the importance of protecting the natural environment from pollution and ecological degradation and promotes conservation, sustainable development and the use of natural resources. Protecting the environment also protects the poorest people in a community who source fuelwood, building materials, medicine, and some food from nature. The environmental misdemeanours reported by the MBR to DEDECT and the relevant legislation can be summarised as follows:

| Alleged environmental crime | Legislation | Examples of cases reported |
|--|--|--|
| Activities in the Magaliesberg Protected Environment that will affect biodiversity and ecology. | National Environmental Management: Biodiversity Act (No. 10 of 2004) (NEMBA). | Earthworks and clearing of indigenous vegetation in excess of 300m ² to change the land use for storage containers, parking of heavy machinery, rented accommodation or to create a racetrack or 4x4 trail. |
| Certain developments that are planned for the Magaliesberg Protected Environment even if under private ownership may be a listed activity and may require an Environmental Impact Assessment (EIA) or Environmental Management Plan (EMP) before taking place. | DEDECT is responsible for the National Environmental Management Act 107 of 1998: Environmental Impact Assessment Regulations, 2014 (NEMA). | |
| DEFF has published a list of protected trees and is the custodian of the few Afromontane forests that exist in the province. | National Forest Act, Act 84 of 1998. | Damaging a protected tree such as the marula. |

There was mutual consensus that collaboration and good communication between the DEDECT and MBR would facilitate best environmental practice and assist in raising societal awareness of environmental issues. The parties concluded by agreeing to procedures for reporting environmental misdemeanours in the North West province. DEDECT committed to providing feedback to the MBR and ensuring that they were listed as interested and affected parties on EIAs conducted in the Magaliesberg.

More information on the Magaliesberg Biosphere Reserve can be found at <https://magaliesbergbiosphere.org.za>.

The Magaliesberg Biosphere was proclaimed an international Biosphere Reserve by UNESCO on 9 June 2015 for its exceptional natural and cultural heritage.

A STAND AGAINST CRIME

BCU member Wally Grant and his 'patrol' pup Killer the Jack Russel.

Rustenburg – Not even the rainy weather could deter Rustenburg's heroes from showing their support for the Rustenburg Mass Patrol Community weekend held from Friday 20 November to Sunday 22 November.

Various community patrols, security companies, and civilians gathered at Impala Rugby Club and patrolled the streets of Rustenburg while patrollers ensured that residents in the rural areas - all the way from Olifantsnek to Rietvlei - slept soundly as they kept watch. Together they covered more than 2,637km during the operation.

This event saw both the private and public sectors working hand-in-hand to combat crime. The goal of this operation was to create more visibility, preventing and fighting crime.

On Sunday, Rustenburg beauties and hunks competed for the titles of Miss and Mr Patrol 2020 in their respective categories.

A heartfelt thank you to the following organisations who participated:

- National Crime Assist (NCA)
- Rustenburg Crime Combatting Forum (RCCF)
- Hencor K9 Security
- Bojanala Crime Unit
- The Royal Bafokeng Nation
- Protea Reaction Group
- Fidelity ADT
- Rustenburg Police
- Adler Farm Watch (R24)/ NCA K9
- Willie Human NCA K9/ Community Policing Forum (CPF) sector 3
- Rietvlei CPF and NCA K9 unit
- Koster NCA, CPF and police
- Boshoeck/ Phokeng NCA, CPF and police
- Nevvours Protection and Security
- Safecor

Dr Sheehan Grant of MBT garage, Joslyn Geldenhuys and staff at the crematorium and Owen and Stacy Sutton are thanked for their donations that ensured the success of this weekend.

United in the fight against crime.

DBV BLIK SKUD

Rustenburg – Die Rustenburg Diere Beskermings Vereniging (DBV) beplan 'n prettige insameling op Saterdag 28 November. Wees op die uitkyk vir lede van die DBV wat op verskeie plekke in Rustenburg gaan staan en blik skud. Gebruik daai kleingeld in die bakkie vir 'n goeie doel en help hulle om fondse in te samel.

WATER METER THIEVES ALLOWED TO OPERATE FREELY? [LETTER TO THE EDITOR]

Rustenburg – Over the past couple of months, thieves have stolen thousands of municipal water meters totalling up to 100 a day in certain areas.

The motivation behind the thefts of the old water meters are the brass bodies that unscrupulous scrap metal dealers will purchase at R40 per water metre. This might not sound like much, but 100 water meters times R40 a meter adds up to R4,000 a day that criminal syndicates are making at the expense of honest rate payers.

Scrap metal dealers who support this illegal activity are themselves guilty of a criminal offense and the police should investigate them. Besides the damages suffered by the property owners, the municipality incurs additional water losses, which has a negative impact on the municipality's finances, and the additional overtime payments to technicians who have to respond to call-outs to repair water losses because of the theft of the water meters.

What makes matters worse is that it can take up to two days for a new water meter to be installed by the Rustenburg Local Municipality (RLM). A well-meaning property owner who tries to stop the water gushing out where the water meter was removed may face a hefty fine even though the RLM claims to support water conservation.

Ironically, the police cannot investigate the water meter thefts because no cases are being opened at the police station by the RLM. The water meters have unique serial numbers, so it is relatively easy to link a water meter to a specific address and municipal account for reporting but homeowners cannot legally report these thefts because the water meters are the property of the RLM.

Even if a property owner catches a water meter thief red-handed, the police cannot charge him because the RLM has not reported the stolen water meters.

ATM CARD SCAMMERS USING MATCHSTICKS

Rustenburg – Criminals have been robbing unsuspecting community members of their bank cards through a scam that involves jamming the buttons of automated teller machines (ATMs) with matchsticks.

In an interview with *Platinum Weekly*, Metasec Security Solutions general manager Morné Engelbrecht urged community members to be vigilant when approaching ATMs.

“There have been numerous reports that we have been alerted to involving criminals who push pieces of matchsticks into the side of ATM buttons so that they do not function properly,” Engelbrecht explained. “This is done before a person uses the ATM. When the criminals notice that a person intending to withdraw money is having problems because of the malfunctioning buttons, the criminals then approach that person pretending to help them before scamming them off their bank cards. Many people are being tricked in the same way, so we urge everyone to be on the lookout and make sure they do not lose their cards to criminals.”

REMEMBERS THE FOLLOWING TIPS WHEN INTENDING TO USE AN ATM

- Never carry large amounts of cash with you.

- Avoid using ATMs in isolated or poorly lit areas.
- Do not give your PIN to anyone, not even banking personnel.
- Before using an ATM, always be aware of people around you. Avoid being distracted by strangers.
- Make sure you use your hands and body as shields when entering your PIN at an ATM.
- Additionally, it is advisable not to count your cash at an ATM while making sure the car doors are always locked when walking away is an effective way of avoiding remote jamming.

The pen is showing where the matchstick is lodged at the side of an ATM button.

AVOIDING FESTIVE SEASON HOUSE BREAK-INS

SA – Specialised security services expect crime to increase exponentially because of the dire financial situation of many people following the COVID-19 pandemic lockdown. It is important that people are alert and take precautions to avoid crime and other atrocities.

GENERAL SAFETY TIPS RECOMMENDED FOR THE HOME

- If you have been fortunate to receive a Christmas bonus, be careful of who is aware of your good fortune. Try not to keep cash on hand and never leave it unattended in the office or home.
- Only let the neighbourhood security watch, a few trusted neighbours and friends know when you are going on holiday and avoid broadcasting your plans on social media.
- Secure all doors and windows and set the alarm when the house is vacant or when the family goes to sleep.
- Do not leave Christmas presents in view from the outside of your home.
- If you are going away for Christmas, leave an inside light on ask a trusted neighbour to check on your property.
- Test all the zones of your alarm system to ensure that they are working correctly.
- Make sure that CCTV cameras are working and are positioned in such a way that they give a clear view of what is happening both inside and outside the property.
- Ensure that motion detectors are in optimum working order.
- Notify the alarm monitoring company of your departure and return dates.
- Offer to let neighbours use your driveway if they are expecting guests over the festive period. The activity will make the home appear occupied.
- Consider leaving a set of keys with someone in case

- of an incident.
- Discard the boxes of any expensive gifts bought away from your home as these may make you a target for criminals.
- Keep an eye out for suspicious-looking people roaming the neighbourhood and report them to the local community watch.
- Do not hide the access keys to the house, under the doormat or outside the house.
- Keep ladders and other tools in a safe place that cannot be accessed by intruders.
- Ensure the safety of your animals by leaving pets with family or friends or take them on holiday with you. If the pets stay behind, ensure that there is enough food and water for them and have someone check on them daily.

Do not allow the holiday fever to make you less vigilant as criminals are not taking time off.

MEDICAL WASTE CAUSE BLOCKED DRAINS...

Rustenburg – Blocked drainpipes in the area around Fatima Bhayat Street has become an increasing problem. Too often, when these drains are unblocked... the reason for the blockage is medical waste. The question is - where does this waste come from and why is it not disposed of properly in the first place? Investigations continue.

A drainpipe that was recently unblocked.

NORTH WEST RECORDS FIRST LARYNX REMOVAL

Mr. Leepile can speak again after he had his larynx removed and learned to speak with the pharynx.

Klerksdorp – The North West Health MEC Madoda Sambatha has commended the ear, nose, and throat (ENT) specialist Dr. Glen Monama who successfully performed the first ever larynx removal operation in the province. Previously, patients were referred to Gauteng for this procedure. Dr. Monama performed the operation on Mr. Leepile.

“The procedure is very complicated and requires skilled expertise. It removes the voice box leaving a person with no voice. He was treated with radiotherapy at the beginning of 2020 as is always the case after surgery. The experts waited for him to heal so that they could attend to his voice challenges. Unfortunately, COVID-19 delayed his reconstruction surgery further, but we are now happy, as it all went well,” said MEC Sambatha.

The procedure entailed inserting a device to divert air from the lungs into the pharynx. The patient must be trained to use the air to vibrate the pharynx to produce sound like that of the vocal cords so that speaking is possible.

MEC Sambatha warned: “Cancer of the larynx is largely a preventable disease because most of the cases are caused by smoking. We encourage people to quit smoking as this will help reduce the number of cases we are seeing.”

People - especially smokers - should consult doctors whenever they experience loss of voice lasting two weeks or longer. Early diagnosis of cancer can help recovery.

A RECOVERING ADDICT EXPLAINS ADDICTION [LETTER TO THE EDITOR]

Rustenburg – My name is David. I have been living a clean and sober life without drugs and alcohol since 26 July 2016.

My addiction started when I was 14-years-old with alcohol and ended with a ghastly street drug called Khat. My addiction can never be entirely cured, and I have to be vigilant every day to resist temptation and avoid triggers. I am aware that if I ingest any form of mind- or mood-altering substances, the addiction will be activated.

Drugs, alcohol, or any other mind- or mood-altering substances usually starts in a social setting and it is perceived as being adventurous, fun, and exciting. But to keep the high of the first rush, addicts must use more and more.

Over time the addiction can change who you are or want to be. Addicts crave the addiction so much so that they become dishonest with themselves and others, avoid responsibilities, isolate themselves and become aggressive when confronted by their loved ones. An addict's goal becomes maintaining a state of altered perspective or being 'high' and they slowly but surely lose touch with reality. Career, family life, school or whatever used to be important fades away. My life became one stint of getting, using, and finding ways

to get more drugs. Looking back, I know that I started drugs for the excitement and then I continued to use it because the drugs helped me to forget my problems. The drugs did not help me work through the abuse and other childhood trauma I had experienced – it just numbed all my emotion.

There is no explanation why one man can enjoy one or two drinks while others like myself cannot stop and lose their ability to function. As an addict I lived in darkness and in a state of pain, loneliness, and despair.

I thank God for pulling me into the light and hope to share the story of my recovery with other addicts to help end their suffering. Today I am a qualified addiction counsellor and registered with the Board of Addiction Professionals of South Africa. I work in my hometown of Rustenburg at the Hope Hill Recovery Centre, the first clinical rehabilitation centre to be set up in Rustenburg, passionately waging a war on addiction.

For more information contact Hope Hill Recovery Centre on 076 023 2574 or info@hopehillcentre.co.za or visit www.hopehillcentre.co.za.

SKYN JOU LIG VIR JESUS!

Rustenburg – NG Proteapark se jaarlikse Liggiefees skop af op Saterdag 28 November. Hierdie projek het in 2015 begin toe die kerkgebou vir die eerste keer deur liggies versier is. Almal word hartlik uitgenooi om hierdie opelugskouspel te kom besigtig. Hulle wil graag hê die gemeenskap moet oor die feestyd kom kyk na die geboorte van Jesus en die betekenis van Sy sterwe wat uitgebeeld word in liggies. Dit is 'n geleentheid om aan die gemeenskap 'n besonderse Kerservaring te gee. Daar sal 'n verskeidenheid aktiwiteite wees vir die kleinspan – die "Liggie Express"-treintjie is elke jaar 'n groot treffer! Die fees skop af op 'n hoë noot. Op 28 November kom kuier Sheri Brynard. Haar tema skakel so mooi in met die tema van die fees: 'My Lig Skyn vir Jesus'. Sheri is die internasionale ambassadeur vir mense met Down Sindroom. Verskeie stalletjies is deel van dié oggend, en Peter Bondesio sal van sy rokke, kleren en juwele uitstal. Kaartjies vir die oggend beloop R220 per persoon en is beskikbaar by

Christel Herbst: 082 785 2439.

Op die aand van 29 November kom maak Pieter Koen sy verskyning by die kerk en sal daar 'n spesiale optrede wees saam met die Liggiespan. Bring kampstoele, komberse, en kerse en kom geniet die buitelig saam met hulle. Verskeie kos en drinkgoed sal te koop aangebied word. Frank Opperman bring sy optrede, *Steeds Donkie* op Maandag, 30 November, na die fees. Die produksie is effens aangepas om die effek van die COVID-19 pandemie in te sluit. Die optrede word gratis aangebied, maar besprekings is noodsaaklik. Kontak gerus die NG Proteapark kerkkantoor om jou plek te bevestig: 014 533 4028. Daar word op Dinsdagaand, 1 Desember, 'n groot Disney Dazzle skouspel aangebied. Tussen 18:00 en 19:00 gaan 'n verskeidenheid plaaslike sangers musiektreffers van welbekende Disney films vir ons kom sing. Kinders word genooi om volgens hulle gunsteling Disney-karakter aan te trek. Oulike pryse is op die spel.

Die Liggies vir Lewe-Fees word Woensdagaand, 2 Desember, afgesluit met Kerssangliedere onder die sterre en tussen die liggies. Die hele gemeenskap van Rustenburg word uitgenooi om saam met te kom kuier en te kom saamsing. Die inkomste van die Liggies vir Lewe-Fees word gebruik om die kinders van die omgewing te bederf tydens die fees. Hierdie jaar se Liggieboom-fondse word aan Rustenburg se Skool vir Buitengewone Onderwys geskenk. Die liggies is elke aand aan tot 22:00 tot en met Oukersaand, 24 Desember. Kom wys vriende en familie die liggies, kom hou piekniek in 'n ontspanne atmosfeer en koop van die heerlike gemmerbier wat elke aand te koop sal wees.

Die lieflike liggies van die Liggiefees.

ALL I WANT FOR CHRISTMAS...

Singer-songwriter Mariah Carey delights us every festive season with the words "All I want for Christmas is you"... but deep down we all have something that would make us feel surprised and treasured. Platinum Weekly caught up with some community members to hear what Christmas gifts they would love to receive.

"After much thought, I know I want a holiday in the tranquil Drakensberg. This year has been unpredictable, and it will be good for me to rest and pray while appreciating God's beautiful creation."

Mimi Mathibe

"For Christmas it would be very helpful to receive a year's membership to Skillshare, an online learning platform. They offer many courses like photography, business, and productivity."

Maria Slater

"All I really want is to spend time with my family but if I have to choose... an Xbox would be nice. Men like useful gifts like tools, track running shoes or equipment for whatever outdoor activity they enjoy, be it cycling or hunting, but I like games."

Androhan Kleynhans

LOCAL AFRICAN MISTLETOE

Rustenburg – Mistletoe is known for its use in medicine, as an aphrodisiac, and for kissing under - at Christmas.

In the Magaliesberg range and some Rustenburg gardens, which have proteas or boekenhout trees, red-flowered mistletoe (*Tapinanthus rubromarginatus*) can occur. Sunbirds feast on the flower's nectar and help with pollination when their heads bump into the flower parts.

Many birds eat the sweet fruit. The seed has a sticky covering which birds can only get rid of by rubbing their beaks or feathers onto a branch. Here the seed will germinate and a haustorium (specialised roots) will grow into the host tree to access water and minerals. Usually, mistletoes are not deadly to their host tree as they have green leaves and can photosynthesise their own food. They form an important part of the food chain.

The Afrikaans name for the red-flowered mistletoe is *vuurhoutjies* because of the flower's colour and shape.

“A TRIUMPH FOR DOMESTIC WORKERS”

The Constitutional Court described domestic workers as the unsung heroines of our Country. The Court also chronicled the sacrifices that these powerful women endure in order for us as employers to pursue our careers and economic interests.

Domestic workers compromise their relationships with their children, friends, and family members in pursuit of the lowest level of employment. These women are at times the bread winners in their families yet remain undervalued and unrecognised. Their salaries are on the low pay scale, they are often overworked and their tasks back breaking, notwithstanding such odds, they still play a central role in our lives.

The Court recognised that domestic workers are entitled to social security when it ruled in favour of one, Sylvia Bongi Mahlangu and The South African Domestic Service and Allied Workers Union against the Minister of Labour et al.

The Compensation for Occupational Injuries and Disease Act (COIDA) did not afford domestic workers protection in the event of injury, disablement, or death at the workplace.

The Court highlighted the provisions of our Constitution in the purport of Section 1 which sets out our founding values of human dignity, equality, the advancement of human rights and freedoms. In a value Judgment, the Court acknowledged that domestic workers have not basked in the fulfilment of our Constitutional promise.

The Court pronounced that Section 1(xix) (v) of COIDA is constitutionally invalid. The consequential effect is that domestic workers will now enjoy equal benefits in COIDA and rightfully so.

Morality Upheld.

Kindness to your staff is a core requirement in the quest for higher good. Treating them fairly is an authentication of oneself. The hierarchy of piety takes into consideration one’s relationship with those that we employ, particularly the most vulnerable members of our society.

Logic dictates that we are to learn from what works, with whom and in what environment. We should each carry with us a deep appreciation for the Herculean efforts of our domestic workers.

“unless we learn to do our duty to those whom we employ, they will never learn to do their duty to us”
— **Charles Dickens, David Copperfield**

As the year draws to a close, we wish all our Christian Clients a Happy Holiday Season and a Peaceful and prosperous New Year.

To our Clients that will be travelling, we wish you a safe journey in the company of your loved ones.

BABOON MATTERS [LETTER TO THE EDITOR]

Rustenburg – With Rustenburg suburbs adjoining natural areas, there has been an escalation of human-baboon conflicts. The baboons raiding Buffeldoorn and Flamboyant Avenues have learned that on refuse collection day, waste bins are available with lots of delicious treats.

The question now is... Are the humans that own those bins compassionate and clever enough to come up with a plan that won't be cruel to these mountain creatures?

We must reduce the things that are attracting the baboons to our neighbourhoods. Some ideas include throwing food waste into a Bokashi bin, throwing waste off-site where there are no baboons or designing and using baboon-proof bins. Jane Goodall once explained her dedication to primates by stating: "The least I can do is speak out for those that cannot speak for themselves." Please Rustenburg... let us do the right thing.

AERIAL ACROBATICS DANCE: MUSIC FOR THE EYE

Rustenburg – Jennifer Mendes is an extraordinary woman who combines being a mother of three, wife, fitness instructor, and businesswoman in a full and fulfilling life.

Jennifer moved from Welkom to Rustenburg with her husband 10 years ago for his business. She still owns a studio in Welkom which her sister runs while she concentrates on the one in Cashan.

Her bubbly personality combined with 15 years of experience as a personal trainer help to push clients out of their comfort zone. Through, TeamMendes Kickbox classes she assists women and children with skills to defend themselves.

Jennifer is a qualified pole fitness and aerial silk instructor, and she can perform technical feats that leave the viewer wanting to push their own body to greater heights. She says that when she discovered pole fitness and aerial silk, she instantly fell in love with this graceful and beautiful way to work out. It is super beneficial to ladies' fitness and confidence.

Aerial silks are a type of aerial acrobatics performed while hanging from a fabric. The fabric may be hung as two pieces, or a single piece, folded to make a hammock. The fabrics used as silks are very strong with some give and flexibility. The acrobat will climb the suspended fabric without the use of safety lines and rely only on their training and skill to stay safe. They fold and knot the silk to hold them while they perform a dance routine which includes gravity-defying feats and tumbles.

The silk classes and workshops held weekly in Cashan are a fun and challenging way to stay fit and have attracted children, teenagers, and ladies.

"I love spending time and teaching the art and skills of aerial silk and fitness. It is amazing how it boosts self-confidence, strength and overall fitness and health," says Jennifer.

To join a class contact Jennifer Mendes on 082 759 7169.

Jennifer Mendes is not bound to the ground with her aerial acrobatics.

PAYING IT FORWARD WHILE HAVING AN ADVENTURE

PROJEK LEA reik uit na Rustenburg Skool vir Buitengewone Onderwys

Rustenburg – Die Rustenburg Skool vir Buitengewone Onderwys is een van die instansies wat baatvind by NG Proteapark se uitreikprogram, Projek Lea.

Projek Lea se sorgsakkies maak dit moontlik vir tienerdogters om daardie gevreesde tyd van die maand met gemoedsrus in te gaan. Die projek maak heeltemal staat op donasies vanuit die gemeente en gemeenskap. Die produkte sluit sanitêre doekies, 'n waslap, lyfseep, deodorant, tandepasta, 'n tandeborsel, Vaseline en natlappies (*wet wipes*).

Voor die Desember vakansie beoog die projek om 180 sorgsakkies by skole en instansies af te lewer sodat dit dogters kan help oor die vakansie tydperk. Om Projek Lea se vlerke te spreid, het die projek fondse nodig. Met die tema: My lig skyn vir Jesus, kom kuier Shéri Brynard by NG Proteapark op Saterdag 28 November om 10:00. Kaartjies beloop R220 per persoon en beloop om 'n oggend te wees waar elkeen aangeraak gaan word. Wees asseblief deel van hierdie belewenis en maak 'n groot verskil in die Lea's van ons se lewens.

ALTERNATIVES TO DUMPING YOUR BABY

Rustenburg – We are at risk of becoming desensitised to the horrors of newborn babies being abandoned and left for dead every so often.

Newborns are being wrapped in plastic, left in the veld or dumped in dustbins like a piece of trash. What would drive a mother to do such a thing?

Some of these women are alone, underaged, ashamed or do not have a solid support structure to help them care for the baby, however, no matter how desperate the situation, safe and legal alternatives are available which does not include killing the babies. Mōrester Kinderhuis director Helen Lotz deals with cases like these regularly. "I have been doing this for many years and everytime I hear of a baby that was dumped somewhere, it breaks my heart," Lotz told *Platinum Weekly*.

Lotz currently cares for 19 newborns and provides a safe place for abandoned children. Lotz advises that should you decide not to keep your baby, at least go to a hospital to give birth. This will not only give the baby a chance on life - it is also beneficial for your health.

"You can just tell the social worker that you intend on putting the baby up for adoption and this person will assist you without any judgement," said Lotz. **If you do this through the correct channels the baby will also receive an ID number which will help with the adoption process of which the mother has 90 days to change her mind.**

What if the baby is born at home and you still decide that you do not want to keep it? You can still go to the hospital and speak to a social worker. There are also many other organisations that you can contact that will assist you.

"I know an unexpected pregnancy can be terrifying, but if the thought of leaving your baby on a rubbish dump or in a storm drain ever crosses your mind, even if just for a brief moment, I want to encourage you to contact me. I will advise you and offer support to assist in making informed choices," pleaded Lotz.

Police spokesperson captain Elsabé Augoustides confirmed that if an abandoned baby is found, a DNA-test is done to locate the

mother who will face criminal charges if caught. "Mothers who abandon their babies will be charged with concealment of birth," she said.

There are instances where women give birth at home and the baby is stillborn. This can cause a woman to start panicking. "If a baby is stillborn, a doctor needs to be contacted who will declare the infant dead. If it is classified as an unnatural death, the police also need to be informed," said Augoustides. If you did nothing wrong, there is nothing to be afraid off as this is just the normal procedure.

Should you ever find a baby that was abandoned by the mother, the first thing you should do is to immediately contact the police. They will obtain the required documents from the Department of Social Development to ensure that the baby can be taken to a place of safety like Mōrester Kinderhuis.

Whatever your circumstance is, no matter how afraid you are or whatever your reasons may be for deciding not to keep your baby, please do the right thing and follow the right procedures to ensure the life of the child is protected.

If you do not have someone close to that you can confide in and you want to learn more about the options that are available contact Lotz on **082 460 8418**.

Give your child a chance to live.

Real Mining. Real People. Real Difference.

AFRIFORUM RUSTENBURG MAAK 'N VERSKIL.

Rustenburg – Die AfriForum-tak in Rustenburg het dié organisasie se #VegEnBou-veldtog voortgesit toe hul op Dinsdag 10 November by Laerskool Vastrap aan 57 gesinne kos geskenk het wat hul vir twee maande deur sal trek.

Hul het ook op Vrydag 13 November Peperbasbome by die skool geplant. Peperbasse is 'n baie spesiale boom omdat die bas, blare en wortels verskeie siektes kan genees. Vir hierdie rede word hulle gereeld gestroop wat lei daartoe dat die bome vrek – en so het dié bome op die rooi uitsterf-lys beland.

Die merkwaardige Rustenburg span is steeds voortdurend besig om die spruitjies in Safarituine skoon te maak. In samewerking met die munisipaliteit is die riete en gras verwyder. "Die area het 'n broeiplek geword vir kriminele elemente en inwoners het deurgeloopt onder die misdaad omdat sluipslapers in die veld wegkruip," het AfriForum Rustenburg-tak voorsitter Chris Trytsman in 'n onderhoud met *Platinum Weekly* gesê.

Die spruit se water het weer goed begin loop omdat die vullis, riete en indringerplante van die area verwyder was. Hul het selfs 'n geval gehad waar hul bye moes laat verwyder wat hulself in die veld gehuisves het. "Ons wil die gemeenskap aanmoedig om te help om die areas instand te hou. AfriForum Rustenburg-tak is steeds besig om die area skoon te maak maar die volhoubaarheid daarvan, gaan van die gemeenskap afhang," sê Chris.

AfriForum-tak in Rustenburg het aan 57 gesinne van kos geskenk.

Peperbasbome is op die Laerskool Vastrap terrein geplant.

CREATIVITY IN THE TIME OF COVID-19

Rustenburg – This has been a week of well-known South Africans popping over to Rustenburg for a quick visit. Saxophonist and DJ George Sax who has performed in exotic holiday locations like Ibiza and Zanzibar gave time to *Platinum Weekly* before appearing at a private end-of-year function at Casa Bella on Thursday 26 November. On Sunday 6 December, fans will find him at Doppio Zero Bryanston Hobart in Gauteng province. With his career being so focused on people gathering and enjoying themselves, we asked George how he had managed during the lockdown. "Luckily, I was in lockdown in my studio if it had been a few days later I would have been in Miami. Trapped in Johannesburg I produced music and edited video footage that I had accumulated on my trips. My afternoon radio show on www.muthafm.com helped to keep in contact with the public. During the hard lockdown, I delivered medical supplies, sanitiser, and personal protective equipment to charities. Lockdown was a positive experience for me as I was working out, eating healthy food, planting and caring for a food garden, and meditating. As a natural people's person, I had to be busy to avoid thinking about how our freedom of movement had been impacted."

He added: "As an artist, it is your duty to project a positive image onto the public despite what is going on around you." Apart from music, George is finishing hand illustrations on a children's book based on a rural family living in Dwaalboom, a remote area just over the border between the North West province and Limpopo. **To hear George Sax go to www.youtube.com/user/MrSaxamillion or find him on Instagram and Facebook.**

One night only for Rustenburg with international saxophonist and DJ George Sax.

RHS 1955-MATRIEK HOU REÛNIE

Rustenburg – Die 1955 matrieks van Hoërskool Rustenburg (RHS) het op Woensdag 11 November hul 65-jarige reünie in Pretoria gehou.

Die reünie is deur ses oudleerlinge en twee onderwysers bygewoon. Die onderwysers teenwoordig was meneer Piet Robbertse en juffrou Monica Anderson (née Smeer).

Dit was 'n aangename saamwees waar hul lekker geëet het en 'n hond uit 'n bos gekuier het. Uit die gesprekke was dit duidelik dat die oudleerlinge baie respek en waardering gehad het vir hul onderwysers. Enkele name wat genoem is was menere Bedell, Jacobs, Preller, Fourie, Oosthuisen en van Rooy.

Groot dankbaarheid is uitgespreek vir die gedissiplineerde voorbeeld wat die onderwysers vir die kinders gestel het asook vir die opvoeding en vorming wat hulle ontvang het. Die prestasies van die 1955 matrieks is ook bespreek. Pierre Haarhoff: Atoomnavorsing, Jan Grobler: Predikant, Ernst Neuland: Professor by UNISA, Hennie Maree: Rektor (NKP) en Jonathan van Heerden: Geneeskunde in die VSA – om maar 'n paar name te noem. Van die 66 matrieks het meer as 30 reeds vooruitgegaan. Ons eer hul nagedagtenis! Lank lewe RHS!

SOULFOOD

ISAIAH 55

¹Come, all you who are thirsty, come to the waters; and you who have no money, come, buy and eat! Come, buy wine and milk without money and without cost.

² Why spend money on what is not bread, and your labor on what does not satisfy? Listen, listen to me, and eat what is good, and you will delight in the richest of fare.

³ Give ear and come to me; listen, that you may live. I will make an everlasting covenant with you, my faithful love promised to David. ⁴ See, I have made him a witness to the peoples, a ruler and commander of the peoples. ⁵ Surely you will summon nations you know not, and nations you do not know will come running to you, because of the LORD your God, the Holy One of Israel, for he has endowed you with splendor." ⁶ Seek the LORD while he may be found; call on him while he is near. ⁷ Let the wicked forsake their ways and the unrighteous their thoughts. Let them turn to the LORD, and he will have mercy on them, and to our God, for he will freely pardon. ⁸ "For my thoughts are not your thoughts, neither are your ways my ways," declares the LORD. ⁹ "As the heavens are higher than the earth, so are my ways higher than your ways and my thoughts than your thoughts. ¹⁰ As the rain and the snow come down from heaven, and do not return to it without watering the earth and making it bud and flourish, so that it yields seed for the sower and bread for the eater, ¹¹ so is my word that goes out from my mouth: It will not return to me empty, but will accomplish what I desire and achieve the purpose for which I sent it. ¹² You will go out in joy

and be led forth in peace; the mountains and hills will burst into song before you, and all the trees of the field will clap their hands.

¹³ Instead of the thornbush will grow the juniper, and instead of briars the myrtle will grow. This will be for the LORD's renown, for an everlasting sign, that will endure forever."

HELP 'N BOER

Rustenburg – Voer vir 'n Boer is gestig deur 'n paar Rustenburgse besigheidsmanne om boere in droogtegeisterde areas te help met voer vir hul vee, kos vir hul gesinne en die basiese behoeftes van hul werkers. Voer vir 'n Boer is afhanklik van skenkings vanaf die gemeenskap wat hulle in staat stel om die boere te kan help.

"Ons het die organisasie gestig om boere te help wat swaarkry as gevolg van 'n tekort aan reën maar ons kort die hulp van die gemeenskap. Ons grootste behoefte op die stadium is diesel vir die trokke wat die vragte moet gaan aflewer," het Voer vir 'n Boer stigter Fred Wille in 'n onderhoud met Platinum Weekly gesê. Hulle beplan om op Donderdag 3 Desember 'n vrag deur te vat na Opseepkans, Aggenys en Poffader. Om die uitreik moontlik te maak het hul dringend die volgende nodig:

HELP CARE 2B KIND TO MAKE CHRISTMAS SPECIAL

Rustenburg – Care 2B Kind is a registered non-profit organisation that helps people in need. They currently assist 318 children, 335 adults and 107 pensioners with food parcels, toiletries, school stationary, baby products, formula milk, and diapers.

The Kerk street municipal flats fall under their wing. There are 75 flats housing mostly pensioners living solely on SASSA grants.

For the past five years Care 2B Kind have treated needy children and pensioners with a Christmas Party and with the community assisting with donations they will again do so in 2020. Besides a scrumptious 'potjie' for the adults and boerewors rolls for the children, there are jumping castles, water worms, Bingo, and a refreshing ice-cream to end the day.

The highlight of the party has been Father Christmas handing out gifts to the children. Beforehand each child makes a 'wish list' of three items which they would like to get for Christmas. Sponsors then choose one of the three items to purchase for the child. The cost of each item is less than R250.

They would like to keep this tradition going, but to do so they rely on donations from the community such as meat, vegetables, cooldrinks, ice-cream, pudding, and custard. Family food hampers are alsomade so that homes have enough food during the December holidays.

To offer a donation or your time please contact Riana on 082 061 8458.

A LITTLE MAGIC UNDER THE CHERRY BLOSSOM

Rustenburg – More than a year has passed since Johann Ludick left his position as executive chef at the Excalibur Boutique Hotel in Rustenburg to open his own restaurant and catering business, coined ‘Under the Cherry Blossom’.

During this time, he has made countless birthday and wedding cakes, savoury platters and catered for groups ranging in size from 5 to 30 people. It is worth getting another year older, if you get to enjoy a piece of a magnificent three-tier apple cake topped with Chantilly cream or a gluten-free carrot cake with candied carrots - in a beautiful, lush garden.

Johann learned about vegan cuisine by having to provide meals to the British Airways cabin crew who used to work at the Lord Charles Hotel in Cape Town. He started there as a trainee chef mentored by chef Andrew Hammond in December 2004. Johann returned home to Safari Gardens, Rustenburg where he became head chef at Die Voerkraal in 2014.

In an interview with *Platinum Weekly* he said: “My passion for cooking and baking comes from my mother who has been a great inspiration for me all these years. Ever since I can remember, as young as five years old, I was always making something in the kitchen, and sometimes I messed up - I still laugh about it. The key to all is to never give up and

to keep on trying.” Johann is an avid gardener and uses fermented onion peelings to spray for pests on plants.

To make a booking, contact Johann Ludick on 076 452 9152 or info@underthecherryblossom.co.za.

Johann Ludick was born in Rustenburg, attended Hoërskool Rustenburg and now runs his own hospitality business.

PEDAL TO THE METAL!

Rustenburg – It is becoming quite difficult to keep up with the rate at which local cyclist Caitlin Thompson has been winning accolades. This year alone, she has proved beyond any shadow of a doubt that she has the potential to become a professional cyclist.

Competing in the Gauteng XCO League 2, held on Saturday 14 March at Thaba trails in Gauteng, Thompson finished first in her event. She was in Durban on Saturday 22 June to take part in the SA Road Championship and made herself and the RCC proud by putting in an impressive performance. On Saturday 5 September, the talented cyclist finished first in the 40km event in the Gauteng Province (GP) XCO Endurance races held at the Voortrekker Monument. On Saturday 21 November, she hogged the limelight once again by cycling her way to victory in the Del Forno Joburg classic 45km road race. She not only won the ladies’ overall title but also finished within just five minutes of the overall male winner. Well done Caitlin!

Caitlin Thompson's impressive times and performances suggest the Rustenburg Cycling Club (RCC) have a national and international cycling champion within their ranks.

WHEN WILL THE GAMES BEGIN?

Many soccer clubs in Rustenburg are eager to resume playing football.

Rustenburg – Football clubs based in Meriting, Ramochana, Freedom Park and other areas in and around Rustenburg are hoping to start playing against each other before the end of the year.

A vibrant 16-team league – which not only provided a platform for young players to showcase their talent but also brought lots of entertainment to football enthusiasts within the community – was suspended in February this year when the COVID-19 pandemic was

sending shockwaves across the world. “We enjoyed the games because they brought community members together. The league is likely to resume in December, but we do not know when exactly. We are also waiting for the organisers to inform us about the venues,” Olebogeng Gabanakgosi told *Platinum Weekly*.

Gabanakgosi, a member of Meriting-based Wrong Button Football Club, added that their team had begun holding training sessions.

THE GOOD – GETS BETTER!

Rustenburg – Two head instructors of the Tokon Shotokan Karate A/C, Willie and Winita Coetzee achieved their level 3 Sword Grading (Gendaiteki Ken and Iai Jitsu). The school has branches in Mooinooi and Brits. Kancho Albert Venter, founder of Tokon Shotokan Karate and of Traditional Styles Known Knowledge In Action (TSKKIA) All Styles, said he was very proud of the instructors and congratulated the 58 students that had graded to their next belts during assessments held from 16 to 20 November 2020.

SA SUPER RUGBY UNLOCKED

Bulle vs Pumas

Op Loftus klop die Bulle die Pumas 21-5. Glad nie aanskoulike *ruggas* nie ou grote, maar dis darem nou verby... Ek bedoel... die COVID-19 ding... die *Unlocked* grap man!

Die Bulle wen vir die eerste keer in 10 jaar 'n trofee en bra Jake se glimlag spreek boekdele. Aimee Barrett-Theron word die eerste vrou wat die fluitjie blaas in 'n eersterangse *game* in Suid-Afrika. En sy het dit baie goed hanteer!

CURRIE BEKER

Die afskop van die 2020/21 Currie Beker skop Vrydagaand af en dit sal ook vir eers sonder toeskouers wees.

Die bepalings vir die naweek is...

- Haaie vs Pumas, Vrydag 19:00
- Griekwas vs Goue Leeus, Saterdag 16:30
- WP vs Blou Bulle, Saterdag 19:00

TRI NATIONS

Die Aussies en die Pumas speel gelykop 15 punte elk. Vir die tweede agtereenvolgende *game* behaal Nicolás Sánchez ál die Puma se punte! Die kompetisie kan nou deur enige span gewen word. Die All Blacks hervat hulle stryd met die Pumas Saterdag en sal verlore aansien wil herwin.

AUTUMN NATIONS CUP

- Skotland 15 – 22, Frankryk
- Wallis 18 – 0, Georgia
- Engeland 18 – 7, Ierland

Nag ou grote... Gaan groot of gaan huistoe!

PERFECT FOR YOUR ADVENTURES

A desire for freedom is innate in human beings. It emerges as a desire to explore, a passion for the natural world... a search for a defined identity. This has always been the authentic essence of Jeep® - perfectly embodied in the Wrangler, an icon that has managed to remain loyal to its roots while adapting to the changing spirit of the times.

The All-New Jeep® Wrangler Sahara is for those who want nothing to get in the way of their adventure. It features the Trail Rated® designation, signalling its ability to take on tough trails with confidence. It is authentic to the core and is ideal for those who are looking to customize and make it truly their own.

The new Wrangler design is the natural evolution of a vehicle that remains loyal to the original. The legendary seven-slot grille with outer slats intersecting with the headlights pays homage to the Jeep® CJ. And the authentic spirit is immediately evident, clearly distinguishing the Wrangler's identity. Its wide stance and bold and rugged shape instantly evoke a sense of strength and sturdiness, a perception reinforced by the lowered beltline. It also hosts cutting edge technology, connectivity, and a refined interior – featuring high-quality materials, quieter ride, increased storage space and enhanced comfort and visibility. The totally redefined interior is now equipped with the latest technology. An authentic style, great versatility, improved comfort, and intuitive features. Every detail reveals expert craftsmanship and top-quality materials. Metal-plated elements and fine upholstery now in leather with accent stitching – each feature is carefully planned.

A push-button starter, featuring a weather-proof surround, is easily located within the driver's reach. And what is more, every Wrangler comes standard with durable and washable interiors, fitted with drain plugs for easy clean-up.

This magnificent machine is also the only true open-air 4x4 SUV on the market, designed and built for greater freedom. The removable doors are made of lightweight aluminium. Take them off and freedom becomes closer than ever. Fold down the windshield to have more fresh air in your face and a clearer view of the trail ahead.

Iconic round headlamps provide the distinctive Wrangler character. The new Full LED system and fog lights complete the unique look, offering ultra-bright lighting to significantly increase road visibility. LED daytime running lights are located on the front of the trapezoidal wheel flares, and LEDs are also deployed in the square-shaped taillights - to see, be seen and be recognised.

A truly adventurous spirit knows no limits. The all-new Jeep® Wrangler comes with superior on-road dynamics, to optimise handling and comfort. The new five-link suspension system with specific shock tuning provides a pleasurable ride and an optimum balance between on-road steering and its legendary off-road capability. The two-speed transfer case with full-time 4x4 actively contributes to exceptional control. Safety is a priority, with over 65 active and passive safety systems such as parkview rear backup camera, park sense rear park assist system, electronic stability control (ESC) with electronic roll mitigation, front and rear parking sensors, and four standard air bags. Because safety is the only way to travel!

All destinations are within reach because all terrains can be travelled. Two 4X4 systems - Command-Trac® on Sahara and Sport, and Rock-Trac® on Rubicon - offer full-time torque management, enabling optimal grip in slippery, low-traction conditions such as driving over rock, sand, gravel, snow or ice. Today its irrepressible inclination towards adventure leads it to explore new terrains, be it on- or off-road. New destinations, new sensations, new emotions. The journey starts again. Right here!

A QUOTE FROM LEN'S PEN:

All-New Jeep®
Wrangler Sahara

I was given the opportunity by Maemo Motors to drive this sexy 4x4 this week – and all eyes were on me. Whether for a trip through South Africa, Namibia, Botswana, local wildlife sanctuaries or even the Okavango swamps, this phenomenal adventure seeker will take you into the unknown without a glitch.

This is no city dweller as it is crying to be taken out into the country to off-road and enjoy the rough terrains. Yes, it can handle any terrain with its must-have and luxury 4x4 features at the flick of a switch, and if you stick your nose into the wrong lane you can reverse easily, using the on-board camera, protecting you of not losing the track that you came in on. The soft top is durable and hardy, protecting you against the elements, if you like wind, sun, and fresh air you can roll back the soft top. You have built-in roll bars as a safety feature to give you that added protection. I enjoyed every minute of driving through town, not having any issues with potholes like other drivers. Makes you think... Be sure to pop in at Maemo Motors to get a look-see for yourself.
