SEVEN LIVES LOST ON N4

Aside from those who lost their lives, three of the passengers - including the driver - were seriously injured and twelve sustained slight injuries.

MEC for the Department of Community Safety and Transport Management, Sello Lehari sends his condolences to the bereaved families and wishes the injured a speedy recovery.

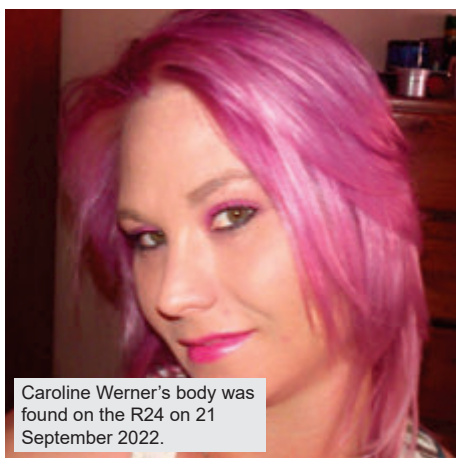

**Department of Community Safety
and Transport press release,
11 November 2022**

The truck blocked both lanes.

A photograph showing a white semi-truck that has become stuck in the middle of a two-lane asphalt road. The truck is angled slightly towards the left lane, completely blocking the path for traffic in both directions. Behind the truck, a white pickup truck is stopped. Two people are standing near the front of the semi-truck, possibly assessing the situation. The road is flanked by green fields and there are utility poles on either side. The sky is overcast.

Motorists were queuing from early in the morning as the truck was blocking both lanes. Traffic officials regulated the flow of traffic while motorists patiently had to wait their turn to pass.

ARREST MADE RE: CAROLINE'S MURDER

Caroline Werner's body was found on the R24 on 21 September 2022.

Police spokesperson sergeant Ofentse Mokgadi confirmed that Moya is facing charges of murder and housebreaking. Moya is expected to make another appearance in court on Thursday 17 November for a formal bail application.

SCHOOLGIRL HIT BY CAR

Rustenburg – Schoolchildren are eager to catch the morning bus along the Rex Road which many Rhenosterfontein residents use to commute to work. Unfortunately, this situation also leaves motorists and schoolchildren vulnerable. An example of the serious risks was seen when an unsuspecting motorist accidentally hit a schoolgirl on Thursday 10 November 2022. With an ever expanding city, many schools have popped up in Rhenosterfontein and surrounding areas. This means that many informal bus stops operate along the Rex Road which pose a threat to children and motorists alike. At approximately 7:45 am on Thursday, one of our *Platinum Weekly* journalists was travelling to work when tragedy struck. “I spotted the schoolgirl – aged about 11 – who was bracing herself to cross the road to reach the bus on the opposite side. She was holding a younger boy’s hand, and the anxious look on her face told me that she was adamant to get them both across in time. I fixed my focus back onto the road ahead of me, but a part of me remained nervous about the risk I suspected the child was about to take. When I checked my review mirror, a surreal scene played out. Just as I passed the kids, the girl had indeed taken the chance and tried to dart across the road, right into oncoming traffic. The younger boy resisted and pulled back, but the girl – who misjudged the situation and the driver’s speed and distance – was

briefly lifted from her feet upon impact. She hit the tar, but her adrenaline must have kicked in, as she got up and limped back to the side of the road.” *Platinum Weekly’s* journalist turned around to check on the girl and call an ambulance, but what she saw left her with very little hope. “Pedestrians quickly gathered around the girl who was breathing faintly and unresponsive. The driver – who also pulled over – was in a state of shock. The driver was not speeding when the incident occurred. Before the accident, she had been travelling behind me for some time and had maintained a safe speed and distance.” Although we are happy to report that the girl survived the impact and was released from the hospital, we are still troubled by the ongoing situation of the informal bus and taxi stops. The children are scared to miss their buses and the fear of not making it to school is enough for them to gamble with their lives.

In case of an emergency, we urge the public to call 112, where you will be routed to your nearest emergency response team. Alternatively, you can also contact:

AIRTIME SCAMMER TARGETING CHARITIES

Rustenburg – A man who called himself ‘doctor Botha’ and who claimed to be from Lindleyspoort, contacted Staan Saam Rustenburg (SSR) under the pretence of wanting to donate meat to the organisation on Saturday 12 November 2022. SSR’s Carlo Pasino relayed that the man told him that he had a freezer full of meat which he wanted to donate to SSR. Because December is around the corner, SSR was relieved at the mention of the generous donation. They were told that they simply had to pick up the meat in Lindleyspoort. On their way, the scammer phoned them and asked them to please buy him airtime. “He said that he had 20 trucks which needed to go out and that he needed airtime to the value of R2,200 because he was unable to go into town himself,” Pasino explained. Pasino tried to get the money together but couldn’t find anyone who had that much money at a moment’s notice, and because he couldn’t help, Pasino headed home. A while later he received another call from the scammer who told him that the meat was packed. Pasino informed the scammer that he couldn’t get the airtime, and the scammer then asked for any airtime he could spare, so Pasino sent him an airtime voucher worth R110. After this, the scammer got very upset and told them that they couldn’t have the meat and that he would buy his own airtime. It later became clear that it was a scam which had been going around for a while. Imagine a well-spoken and polite person phoning you and saying that he has a large donation of meat—all you must do is to buy

him airtime. And when you can’t do it, he gets rude and withdraws the donation. The scammers target charity organisations who are known for their generosity and their need to help their communities. In 2021, National Crime Assist head, Ben Almero, uncovered cases where people – who are serving life sentences in South African prisons – run such scams from within prisons. *Platinum Weekly* reached out to Almero to find out if this is still a modus operandi from within prisons. Because they are not allowed to trace contact numbers anymore, he couldn’t confirm, but said that it is highly likely, or it might just be other scammers copying this well-known jail scam. What is interesting is that shortly after speaking to Almero, he received another report of a scammer who also called himself ‘doctor Botha’ and who tried to scam people from Lichtenburg. With the scammer still ‘afoot’, please take extra caution when dealing with unknown people telephonically.

Filled to capacity

Rustenburg - The Olifantsnek Dam is always a welcome sight for Rustenburg community members returning home. More so now with the dam filled to its full capacity. Those who made the effort to go and have a closer look of the dam in full overflow were rewarded with a magnificent sight on Friday 11 November. According to the Olifantsnek Irrigation Board's water bailiff, the dam was this full back in March 2014.

The dam is a popular weekend getaway for catamaran enthusiasts. During the holidays and long weekends, the dam is lined with anglers camping at their favourite spot to try their luck. It is said that the dam got its name from the mountain overlooking the dam, which resembles an elephant's neck, face, and trunk. Some believe that the dam was named 'Olifantsnek' because of the herds of wild elephants that once roamed the area.

According to a report by the Department of Water and Sanitation, the dam was recorded as being 102% full on Monday 14 November 2022. Their report also shows a stark contrast to last year's report for the same date, which recorded the dam as only being 37.2% full. The dam has a capacity of 14,203 million cubic litres and due to the heavy rains, it pushed up and out to its full capacity, filling large areas that haven't seen water for years.

The Olifantsnek Dam wall is 30 metres high and 129 metres long and has

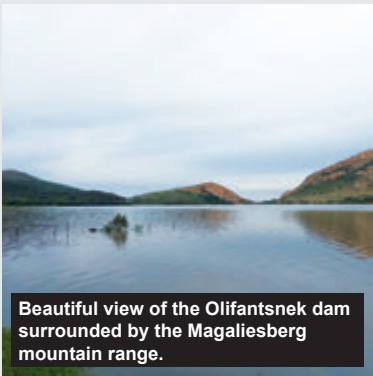

three sluices. The dam is privately owned by Olifantsnek Irrigation Board, which supplies agricultural water to the Kroondal area and other places along the R24. The board constantly monitors the dam's water level, and when necessary, they open the emergency sluice as a safety precaution, making sure that there is not a sudden influx of water running into the Hex River. A sudden influx of water can lead to the situation reported on, on the front page of the previous issue of *Platinum Weekly*. The emergency sluice is also opened from time to time to release silt and mud from the dam. The other two sluices are opened weekly to supply irrigation water to local farmers. During the heavy rains on Friday 11 November, the emergency sluice was opened. It released a lot of silt and mud, creating space for direct rainwater and water from the fast-flowing Hex River (due to heavy rainfall in the catchment areas) feeding into the dam. The water gushing from the sluice is reddish-brown in colour compared to the clear water flowing over the dam wall. TripHobo's website (a popular vacation planning website) indicates that the average maximum rainfall in the area for November is usually around 169.16 mm, but the areas in and around Olifantsnek have already received up to 257.4 mm of rainfall!

Although the emergency sluice has been closed since then, the dam is still filled to the brim—which is indeed a rare sight.

On a less positive note for local anglers, a lot of fish went over the dam wall with the overflow. True to the circle of life, the fish going with the flow over the dam wall, become a source of protein for wildlife down below and downstream. The communities of Rustenburg and surrounds can surely be thankful towards the Olifantsnek Irrigation Board for the preservation of this beautiful landmark and the environment surrounding the dam. For videos of the overflowing dam, visit *Platinum Weekly's* Facebook page.

On Wednesday 16 November 2022 the Olifantsnek Dam's water level was at 14.1 metres.

Beautiful view of the Olifantsnek dam surrounded by the Magaliesberg mountain range.

Olifantsnek Dam – After receiving water level statistics, rainfall figures and various videos of the Olifantsnek Dam in full overflow from our readers over the past week, team *Platinum Weekly* investigated to give our readers the bigger picture and an insight into 'behind the scenes' work done by Olifantsnek Irrigation Board. Their work ensure that areas affected by water flowing from the Olifantsnek dam are not negatively affected. Their work also

involves managing water flow to supply a stable source of irrigation water to local farmers and they also monitor and manage the environmental health of the dam and its immediate environment. According to the Olifantsnek Irrigation Board's water bailiff, the the dam was this full back in March 2014. A report by the Department of Water and Sanitation state that the dam was recorded as being 102% full on Monday 14 November 2022. Their report also shows a stark contrast to last year's report, which recorded the dam as only being 37.2% full. The provincial storage capacity has marginally increased from last week's 72.4% to 81.2% When compared to a similar period last year, the province's overall capacity stood at 69.9%

More figures by the Department of Water and Sanitation on the status of dam levels in the province this week:

- Roodekopjes Dam is up from 78.1% to 88.6%
- Ngotwane Dam has increased from last week's 39.6% to 49.80%

- Bospoort Dam located near Rustenburg has marginally increased from 102.6% to 104.3%
- Klipvoor Dam recorded 97.4% from 72.6% in the previous week.
- Molatedi Dam near Zeerust remains below average at 39.0% from 36.7%
- Hartbeespoort Dam is above average at 99.2% from 97.6%
- Taung Dam has increased from 94.0% to 99.3%
- Meanwhile, Vaalkop and Marico Bosveld Dams have recorded 103.9% and 102.2% respectively. The dams stood at 78.2% and 84.7% last week.
- Madikwe Dam has increased from 43.4% to 51.0%
- Also on the rise is Boskop Dam at 111.0% from 101.6%.
- Koster Dam is filling up from below average 45.0% to 96.5%
- Setumo Dam remains a steady at 77.9% from last week's 76.9%
- Disaneng and Lindsleyport Dams are currently standing at 63.4% and 105.3% respectively, after recording 62.3% and 58.4%

We want to dance again!

Rustenburg – A group of women have been doing Zumba dance sessions at the WA Van Zyl hall for many years. Sadly, this fun activity turned into a traumatising experience when they were held at gunpoint by two men on Monday 7 November 2022, as reported in last week's issue of *Platinum Weekly*. The women suspect that they were being watched for a while before they were robbed. After the experience, none of the Zumba members feel safe enough to return to the hall, but they still want to continue with their Zumba sessions. They are now looking for a new venue – where they can feel safe enough to do what they love.

If you know of any available spaces where they can dance, please contact Irma Nel at 074 383 4899 or Karien Davies at 082 925 3647.

JOINING HANDS TO FIGHT CRIME

From left: Police Forum (PF) members, Tebogo Matsi, David Soka, Ishmaile Moacusi, Stephen Myaniso, and Community Policing Forum's (CPF) Steven Keister (back).

Derby – The Derby Buurtwag and Community Policing Forum (CPF) have aided the Police Forum (PF) with the common objective of eradicating crime in the area. The Derby Buurtwag donated a total of four bicycles and four uniforms to the new PF members on Wednesday 9 November 2022.

The Derby Buurtwag and CPF members – who have offered to help with training – hope that the assistance they have given to the new PF initiative will enhance law enforcement and reduce crime in hotspot areas such as Redirile. Members of the new police forum initiative are volunteers who have offered their eyes, ears, and time to the safety of their community. Chairperson of Derby Buurtwag, Peet Els, said that the donation was part of a coordinated and methodical effort to flush out robbers and other criminal elements within the community. “As the neighbourhood watch, we strongly believe in a combined approach to fight crime. These bicycles will help PF members during their patrols, and we believe that this will have a positive and welcome effect on reducing crime.”

For more information or to report a crime in the area, contact the Derby Buurtwag team on 083 297 3723 or 072 583 6186.

ROBBERS TARGET SOLAR PANELS

Rustenburg – A family living in Bult Street was robbed of two solar panel sets as well as a light that connects to a set of panels. The robbers had gained illegal access to their home while they were away on a weekend getaway. The family discovered the crime on Sunday 13 November after returning home. The owner told *Platinum Weekly*, “Sometime during the weekend, they stole the solar panel sets and a connecting light. We made sure to activate the house alarm before we left, but the robbers somehow evaded the alarm’s beams and got onto the roof of the house.” The owner has a camera system and hopes to find more clues after going over the footage. Police spokesperson, sergeant Ofentse Mokgadi, confirmed that a case has been opened at SAPS Rustenburg. “A case of housebreaking and robbery is being investigated,” Mokgadi said. **Anyone with information that could lead to the arrest of the suspects is requested to contact detective sergeant Sicelo Sithole at 072 045 5380.**

Accolades for local heroes in blue

Phokeng/Brits – South African Police Service (SAPS) employees in the North West were acknowledged during the 10th North West Annual Service Excellence Awards in Mahikeng on Friday 11 November 2022. During the glamorous ceremony, numerous police officers and employees were awarded accolades in more than 20 categories.

Closer to home, lieutenant colonel Keamogetse Tube was awarded as the overall winner in three

categories. She commanded a multi-disciplinary team, consisting of K9, Rapid Rail police, and Public Order Policing Units between 2021 and 2022 in the Bojanala District. Tube was also the unit commander of Phokeng K9 and planned and executed 322 disruptive operations in which a total of 201 people were arrested.

Captain John Legoale was awarded as the Best Family Violence, Child Protection and Sexual Offences Unit (FCS) detective. Legoale is the unit commander at Brits FCS. For the financial year

2021-2022, convictions were secured in 28 cases of which five were life imprisonment sentences. The Senior Operational Manager of the year was major general Joel Mosimanegape, district commissioner of Bojanala (Brits Sub-District).

During the reporting period, a total of 2,769 operations were conducted, and 11,367 arrests were made. A total of 50,267 liquor and second hand-goods premises were inspected and 874 awareness campaigns were held.

Impala Rustenburg and mine host community business forums establish impactful engagement platform

Rustenburg – An impactful, mutually beneficial, and outcomes-based engagement platform has been established by Impala Rustenburg and 14 mine host community business forums, with the objective of strengthening relationships between Impala and the local business community. The Impala Mine Host Community Business Forum Engagement Platform was launched at Rustenburg on Friday 11 November 2022. The Impala Mine Host Community Business Forum Engagement Platform is a legitimate and recognised structure that will enable business forums to build trust and improve stakeholder relations, which in turn will sustain operational stability. The engagement platform will provide the local business forums with information on inclusive preferential procurement opportunities, enterprise, and supplier development (ESD) initiatives, and social and labour plan procurement (LED) opportunities. The engagement platform will also facilitate Impala’s updates and progress reports on procurement spent to the business forums and provides a structure for Impala to receive feedback from mine host community business forums. Mine Host Community Business Forum’s (MHCBF) Neo Kgaje, who is representing the collective of 14 business forums, says, “We believe that this is a promising opportunity for our business forums to build a positive relationship with Impala, and an opportunity to change the narrative on the relationship between mining companies and local business forums. We look forward to building a two-way engagement platform where recommendations and proposals are put forward to enable positive outcomes that will impact the local economy in a manner that is inclusive, transformative, and progressive in nature.” Chief executive at Impala Rustenburg adds, “The Mine Host Community Business Forum

Engagement Platform is aimed at fostering a spirit of collaboration and ensuring the socio-economic well-being of Impala mine-community SMMEs. Two-way communication is the cornerstone of good stakeholder relations and is essential to ensure that all parties derive the benefits of procurement opportunities, ESD programmes and other initiatives. We are excited to further open the channels of communication with the SMMEs in our mine communities - and to work together to improve the future of Rustenburg.”

Thapelo Molomo (left) is congratulated by police minister general Bheki Cele after winning the Idols season 18 title.

Singing cop wins big

Brits – The singing talent of Thapelo Molomo – a policeman stationed in Brits – has won him national recognition. The 29-year-old Molomo, a warrant officer at Brits Police Station, was crowned winner of Idols Season 18 on Sunday 13 November 2022. Police minister general Bheki Cele, who watched Molomo singing himself to victory at the Heartfelt Arena in Tshwane, said the SAPS is extremely

proud of his achievement. “The member serves as a beacon of hope for many police officers who are, on a daily basis, faced with psychosocial challenges,” Cele said. “He has illustrated to thousands of officers that hard work, determination, and perseverance are the building blocks of any successful human being. We are proud of him and wish him all the best,” Cele added.

Lemon poppy seed cupcakes

Tumisang Segarume is a pastry chef and partner at Teekay Cake Saloon in Rustenburg. He comes from a family of chefs, and while studying hospitality, he realised his passion for making pastries. He decided to develop his love for making creative and delicious pastries, so he joined his aunt in the pastry industry. "Making others happy by simply doing what I love is a wonderful feeling," says Tumisang. Tumisang's lemon poppy seed cupcakes are the perfect combination of tangy and sweet. The moist cake, icing, and poppy seeds create a melt-in-your-mouth texture which swirls into nothing less than a delicious cupcake perfect for any occasion. This recipe makes 24 cupcakes. **For more information contact Teekay Cake Saloon at 066 268 3845.**

Cake Ingredients:

- 2 and a 1/2 cups all-purpose flour
- 1/2 teaspoon baking powder
- 1/2 teaspoon baking soda
- 1/2 teaspoon salt
- 1 cup milk
- 1 tablespoon pure vanilla extract
- 1 and a 1/2 sticks of butter, at room temperature
- 1 and a 1/2 cups sugar
- 3 eggs
- 2 tablespoons poppy seeds

Frosting Ingredients:

- 2 and a 1/2 cups all-purpose flour
- 1/2 teaspoon baking powder
- 1/2 teaspoon baking soda
- 1/2 teaspoon salt
- 1 cup milk
- 1 tablespoon pure vanilla extract
- 1 and a 1/2 sticks of butter, at room temperature
- 1 and a 1/2 cups sugar
- 3 eggs
- 2 tablespoons poppy seeds

Method:

1. Preheat the oven to 180°C.
2. Line the muffin tins with cupcake liners.
3. In a large bowl, whisk together the flour, baking powder, baking soda and salt. Set aside.
4. In another bowl, mix the milk and the vanilla.
5. In the bowl of a stand mixer, cream together the butter and the sugar until light and fluffy.
6. Add the eggs - one at a time - mixing well between each addition.
7. Add in one-third of the flour mixture and beat just until combined.
8. Add half of the milk mixture, then another third of the flour mixture, mixing between additions.
9. Add in the remaining milk mixture, followed by the remaining flour mixture. Mix just until combined.
10. Fold in the poppy seeds.
11. Fill the cupcake liners 2/3 full and bake in the preheated oven for 13-15 minutes until a toothpick inserted in the centre comes out clean.
12. Let the cupcakes cool completely on a wire/cooling rack.
13. When the cupcakes are cool, make the frosting:
14. In the bowl of a stand mixer, beat the egg whites until stiff peaks have formed.
15. Combine the sugar and corn syrup in a small saucepan. Cook over medium heat. Once the mixture comes to a boil, remove it from the heat and add the lemon extract and lemon zest.
16. While the mixer is running, stream in the hot sugar mixture. Let the mixture beat for about 7-10 minutes until it forms a shiny, smooth marshmallow frosting. Do not scrape the sides, as sugar crystals will form. Beat in the food colouring, if desired.
17. Add the frosting to a piping bag and pipe the frosting onto the cooled cupcakes and sprinkle lemon Zest and Poppy seeds.

Should pit bulls be banned?

With recent media attention, the frequency of violent pit bull attacks has been brought to many people's attention, and the debate on banning the questionable lethal power breed continues. What do you think?

No. To say that all pit bulls are monstrous is unfair. Most animals – wild or tame – have the potential to harm. It all depends on the individual dog's temperament and bloodline and how the animal's behaviour changes in various situations.

Cassandra Coetzee

Yes. A pit bull breed is very dangerous. People are raising them the wrong way. They are very aggressive and unpredictable. This breed must be removed from the community. Both people and animals are not safe from pit bulls.

POLL

Do you know how to swim?

For most animals, swimming comes naturally. Humans, however, need to learn how to swim. Some people never learn how to swim because they believe that they won't need the skill, while others can't wait to take a plunge. With the holiday season around the corner, we are all bound to take a breather—especially around the pool or at the beach. Always remember that even if your child knows how to swim, never leave your child around water without supervision. Make yourself heard by sending an email to news@platinumweekly.co.za or a WhatsApp to 081 579 7000 with the following information before 17:00 on Monday 21 November 2022:

- Yes, I know how to swim.
- No, I don't know how to swim.
- The reason for your answer.
- A recent photo of yourself—so that we can publish it with your answer.
- Your contact details.
- The results of the votes will be published in our next issue.

PS – You can also give your opinion by commenting on our Facebook post.

YOUR FRIDAY FUN FACT

Did you know?

Woodpeckers have exceptionally long tongues. Having its tongue wrapped around the back of its brain doesn't just give a woodpecker somewhere to store a long add-on; it also helps protect the bird's brain from injury during high-speed pecking.

HOW TO

STAY SAFE

DURING THE RAINY SEASON

In rainy conditions it is important to be extra careful on the roads. Rain and wet roads often create extra challenges such as flooding, concealed potholes, and poor visibility.

By following a few road safety rules you will ensure that you arrive safely at your destination.

Driving in the rain

- Turn on your headlights to see and be seen.
- Slow down: reduce speed gradually by taking your foot off the accelerator.
- Increase the distance between your vehicle and the vehicle in front of you.
- Avoid braking suddenly as this may cause your car to skid.
- It can be difficult to see through wet side windows, and side mirrors. Be aware of other vehicles behind you and in blind spot areas.
- Wait a short time after the rain begins before using your windshield wipers because the blades may smudge your windscreen and make it difficult to see.
- If an oncoming vehicle is overtaking from the opposite direction and the likelihood is that it will not do so safely, slow down and be prepared to move to the left emergency lane if necessary.
- When experiencing poor visibility in the rain, move towards the left emergency lane to allow yourself to see clearly for at least 150m ahead of you. Keep in mind that pedestrians and cyclists may be walking and cycling in this lane as well.

Low lying areas/bridges

- Never try to drive through low lying bridges during heavy down pours. It is always safer to make a U-turn and take a longer alternative route instead.
- Never drive through puddles of water whose depth is unknown.
- It is safer to wait for the storm to pass than trying to rush home in the storm.

Risk 2

Risk 3

Aquaplaning

- In heavy or persistent rain, pools or puddles of water can form across the road.
- Aquaplaning occurs because the tyres cannot clear the road of water and a "wedge" of water forms between the tyre and the road causing a loss of traction between the tyres and the road.
- Your steering feels light, like you are driving on a sheet of ice. Aquaplaning can be a terrifying experience; however, it is not the initial stages of an incident that will cause loss of control of the vehicle. It will be what the driver does in response to the incident that will become the problem.
- As soon as you feel the car begin to aquaplane, just take your foot off the accelerator and DON'T use the brake.
- DON'T PANIC!
- If any braking is done at this time, it will make it worse. Do not make any directional changes.
- The period of aquaplaning, in 99% of incidents, will not last longer than a second or two. This will be enough for you to gain control of the vehicle.
- Do not counter steer; take your foot off the accelerator; and DO NOT use the brake!

A few seconds will be enough for you to regain control of the vehicle, and you can continue your journey again safely

-NB: Avoid pools/puddles of water and REDUCE speed in rainy weather!

Farmer's Market proves popular

Rustenburg – The latest Rustenburg Farmer's Market, which took place at the Thojane Organic Farm on Saturday 5 November 2022, has become an excellent platform for farmers to showcase their produce to potential buyers as well as to establish contacts that can help them enhance their business.

Koketso Sefanyetso-Sekokotla, who has been organising the monthly market day events, said many community members and farmers from in and around Phokeng gathered at the Thojane Organic Farm.

"We are hosting the market day events every month in areas that are within the Bojanala Platinum District," Sefanyetso-Sekokotla said. "Our initiatives will lead to local economic development through food stall marketing and sales of local produce on market days by different farm producers," she added. The next Rustenburg Farmer's Market is still to be confirmed for January 2023. For more information contact Koketso Sefanyetso-Sekokotla at 068 137 9029 or email rustenburgfarmersmarket@gmail.com.

Making a difference

Rustenburg – The Tshimologo Organisation received a generous donation of food; rice, oil, soup, sugar (to name but a few of the items) and even a fan – from an anonymous donor on Friday 4 November 2022.

The Tshimologo Organisation is based on the Donkerhoek Road at Alpha Lodge. They are a registered non-profit organisation that provides a home for elderly people who are disabled or have nowhere else to go.

To provide the best possible care for them, the organisation relies on donations from the community. There are currently 22 residents at the facility and this donation will go a long way to make their lives a little easier.

For more information, or if you would like to assist, contact supervisor Johanna Mojela at 064 725 1476.

Kaitlin to compete on international platform

Kaitlin Kruger was chosen to represent South Africa at the 2023 World Championships of Performing Arts in Los Angeles.

Rustenburg – Kaitlin Kruger is a talented 10-year-old from Rustenburg who has been chosen to represent South Africa at the 2023 World Championships of Performing Arts in Los Angeles, United States. This international competition is often cited as the official ‘*Talent Olympics*’ for aspiring performers and entertainers. Like the Olympics, the finest aspiring talent and modelling competitors from all around the globe are selected and invited to represent their country. Kaitlin has already made waves with her performing arts and has racked up several medals during this year’s South African Championships of Performing Arts. Kaitlin excelled in modelling and aerial arts, where she competed against performers from all over the country. Having the opportunity to compete on an international platform is a lifelong dream, but to make this a reality she will need financial support from the community. “I would like this opportunity to invite every business, businessman or entrepreneur, to please help me make my dreams come true,” said Kaitlin, “I also invite the community of Rustenburg to take hands and support me financially, as it is a great honour for our town to be represented on an international level.” The SA Team will depart on 24 July 2023 from OR Tambo Airport and will return on 7 August 2023 from Los Angeles. **If you would like to help Kaitlin reach her dream, please contact her mother, Retha Kruger at 084 300 9479.**

WETLAND WONDERS

Rustenburg – At the November monthly meeting, Helen Badenhorst will be giving a photographic presentation of the Wakkerstroom BirdLife Rustenburg weekend they had. The presentation will include fantastic imagery of the special birds that were spotted. The meeting will take place on Monday 21 November 2022, at the Methodist Church on the corner of Brink and Schuurman Streets at 18:30. All members and non-members are welcome. Non-members pay R30 per person. The village of Wakkerstroom boasts one of the world’s most recognised wetland areas has developed significantly because of the rapidly growing interest in birds from both local visitors and international visitors.

Twelve members from BirdLife Rustenburg recently spent a long weekend in the area to see some of the grassland species that the area is famous for. Some of the birds seen were the Rudd’s Lark, Yellow Breasted Pipit, and the Southern Bald Ibis, as well as three different Crane species. Even though it was a cold and wet day, the club members managed to see some special birds and several ‘lifers’ were ticked over the scenic weekend. Should you wish to learn more about BirdLife Rustenburg, and would like to attend our events, please contact chairperson, Shaun McGillewie at 083 702 1462. Also, if you need help with the identification of a bird, send a picture.

The Southern Bald Ibis was one of the many majestic birds spotted by BirdLife Rustenburg.

Cool cars for a cause

Just one of the cars that will take part in the charity drive.

Rustenburg - The 553 Garage will be hosting a charity drive on Sunday 20 November 2022. The group consists of a bunch of car enthusiasts who own a variety of vehicles from old, restored vehicles to top-of-the-line sports cars. They will be taking their cars on the road to raise donations for the Rustenburg Society for Prevention of Cruelty to Animals (SPCA) and the Lighthouse Children’s Home. To help the Lighthouse Children’s Home, they will need non-perishable food, nappies, baby formula, stationery, toiletries, and toys. For the SPCA, they welcome donations of pet food, blankets, pet toys and cat litter. Cash donations are also welcome. The group will meet at RockoFellos

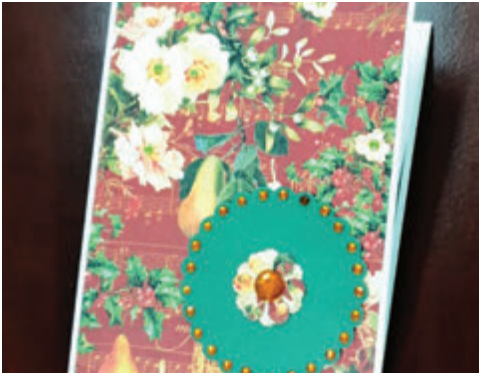

Rustenburg at 09:00 am, and the drive will kick off at 11:00 am where they will head towards the Lighthouse Children’s Home, and then the Rustenburg SPCA to drop off the donations. The trip will end at Kenny Gee’s Buffels Brew at approximately noon. Everyone is welcome and donations can be dropped off at RockoFellos between 09:00 and 11:00 on the day. Come view these exquisite cars and help to make a difference, corporate sponsors are welcome. **For more information Christopher Asling at 082 788 2109 or Heinrich Botterill at 076 949 7995.**

Kaartjie kreatief

VLU Kashané aand-tak lede Joan Zulawnik (links) en Mariaan Niemand.

Rustenburg – Die Vroue Landbou Unie (VLU) Kashané aand-tak het hul maandelikse vergadering op Dinsdag 8 November 2022 gehou. ‘n Kaartjie by ‘n geskenk maak dit net soveel meer persoonlik en ‘n handgemaakte kaartjie is iets om te koester. Mariaan Niemand het die lede gewys hoe om verskillende tipes kaartjies self te maak. Die dames het beslis hul kreatiwiteit laat vloei en ‘n verskeidenheid van kaartjies gemaak vir enige geleentheid. Die VLU Kashané aand-tak is spesiaal gestig vir werkende vrouens wat wil deel wees van ‘n VLU-span. Hulle nooi almal hartlik uit wat wil aansluit by die groep om die voorsitter van die VLU Kashané aand-tak, Charmaine Coetzer, te kontak op 083 469 5505.

SUNDOWNS the biggest of the three?

SA – When you put Mamelodi Sundowns, Orlando Pirates, and Kaizer Chiefs in one competition, you are bound to witness explosive action on the field of play. This is exactly what happened during the Carling Black Label Cup matches on Saturday 12 November 2022 at the FNB Stadium. Supporters had a lot to take in as a total of 24 goals were scored in the four matches that were played. This was all thanks to the new format of the tournament which also included AmaZulu as the fourth participant.

For now, Mamelodi Sundowns can enjoy their bragging rights as the superior team among the so-called 'big three' teams of South African soccer. Thanks to goals scored by Sphelele Mkhulise, Grant Kekana and Cassius Mailula,

Mamelodi Sundowns scored a 4-0 win over the Pirates in the final. Their win granted them the coveted trophy and the R1 million prize money that comes with the achievement. Sundowns, who were eliminated from the MTN8 Cup by Pirates when the two teams last met, were better prepared this time around as they completely overwhelmed their opponents in every department. Earlier before the final, Sundowns had beaten AmaZulu 3-0 while Pirates had overcome the Chiefs with a 6-5 on penalties. Chiefs finished third in the tournament after managing a 4-2 victory over AmaZulu on penalties. All in all, the competition was an enjoyable experience for the supporters who this year enjoyed much more action because of the inclusion of two more teams.

Tlhabane Masters eye out victory

Rustenburg – Tlhabane Masters are hoping for nothing short of victory when they play against Sun City Masters at Lethabong on Sunday 20 November 2022. The match will be one of nine Bojanala Masters Football League matches that will be played on the same day. Tlhabane, who managed a 0-0 draw in their last

match against Platinum Masters, are currently seventh on the log standings. They are eager to win their remaining matches of the season as they look for a strong finish that will help them climb higher on the log. Four Bojanala Masters Football League matches will be played at Lethabong while the other five will be played at Tsitsing.

Tlhabane Masters are eager to win the upcoming match against the Sun City Masters.

Impala preparing for 2023 season

Rustenburg – Impala Rugby Club coach, Johan Engelbrecht, believes his team has what it takes to dominate the Leopards League in 2023. For this, the Impala Rugby Club has already started practising since Tuesday 15 November 2022. The coach is proud of Impala's efforts during the past season where they competed in the more competitive Carlton League and have taken a lot of positives from their campaign. "The big difference between us and the Blue Bulls Union team that we played against in the Carlton League, was that they had more depth in terms of players," Engelbrecht said. "The teams from Pretoria were too strong because they had the financial muscle to lure very good players and would therefore be able to afford twice as many players as we had," said the coach. Engelbrecht said the experience of playing at that high level would benefit the players during their matches in the Leopards league. "Next season we will play in the Leopards League where the teams are much more on our level and the other clubs have the same challenges as us," added Engelbrecht, "the goal for next year is to overcome the challenges we faced financially by luring sponsors in. We can achieve this if we manage to win the Leopards League." **Players who are interested in practising with the club are welcome to contact Impala Rugby Club president Wyand Burger at 061 530 3193.**

Impala Rugby Club is determined to dominate the Leopards League during the 2023 season.

MICHAEL'S MOTORSPORT MAGIC

Michael has won two national championships, and came fifth at the World Karting Championships.

Rustenburg – Born and raised in the platinum mining capital of the world, Rustenburg, seasoned Toyota Gazoo Racing South Africa motorsport driver, Michael van Rooyen, took to the wheels after high school and entered the sport without training. Now 42, with an award-winning career in the sport behind him, Michael is one of the most well-known faces on the track. He is part of the Toyota Gazoo Racing SA team, and races in the Global Touring Cars (GTC) series at South Africa's premier motorsport event, the National Extreme Festival, where drivers race on Dunlop tyres. The Dunlop Racing Service team also keeps the wheels turning and all on track, operating from a fully equipped mobile workshop. Michael has won two national championships, came fifth at the World Karting Championships, and counts competing in the Nine Hours of Kyalami

in February against some of the best saloon car drivers in the world, as part of his motorsport career highlights. His favourite categories include karting 125GP, Rotax RM1, Polo cup, Production cars, and GTC. Despite his achievements, Michael acknowledges the importance of his support system and says that teamwork is what enables him to do his best. "Without our technicians and the team behind the scenes, I am absolutely nothing," maintains Michael, "we have so many role players. We have our team manager, Freddie Pretorius, who is ultimately responsible for everything besides driving. Then we have a software technician, who checks and controls all the engine parameters, from boost, fuelling, throttle maps, etc. Each car also has its own mechanic, who does all the mechanical checks and changes. This is a team sport where we are all family." But whether he's had a great experience on the track or not, Michael says that it's his family he looks to first. "They are always waiting for me outside parc fermé [closed fence], and I love seeing their smiles when it goes well," says Michael, "and they know just what to say when it didn't go well and cheer me up." Michael adds that he is very proud to have been in motorsport for so long, but with the hard work the team puts in, the support of sponsors, the sacrifices he makes, the support of his family, and the 'little fire inside' he owes it to everyone to do his best on the track. Michael will be part of next year's Toyota Gazoo Racing South Africa Team and will take to the track on 24 and 25 February 2023, which will be the first round of the 2023 GTC South Africa Championship. It's the first race of the season at Kyalami, and everyone will be revving to get into gear, setting the tone for what's expected to be a cracker season!

Despite his achievements, Michael acknowledges the importance of his support system and says that teamwork is what enables him to do his best.
