SPCA serves up a spicy curry fundraiser

Rustenburg – In the spirit of Mandela Day, committee members and staff of the Rustenburg Society for the Prevention of Cruelty to Animals (SPCA) sold curry and rice at an affordable price in a quest to raise funds for our furry friends on Tuesday 18 July. *Platinum Weekly* visited the SPCA's premises at 11 Eskom Street just as the committee members readied to roll out their first orders. We met up with passionate locals who continuously strive to serve and protect all animals. Read more on page 5..

TWO ARRESTED FOR UNLAWFUL POSSESSION OF EXPLOSIVES

Brits – A police take-down operation was held on the corner of the R566 and New Road, Brits, on Friday 14 July 2023. This came after information was received of suspects who were trying to sell explosives. A team consisting of Brits and Hartbeespoortdam Crime Prevention Units, Hartbeespoortdam K9, Brits Crime Intelligence, and Lethlabile Visible Policing participated in this operation. “The two occupants, a 47-year-old man and 39-year-old man, of a white Toyota Conquest were cornered by the team and their vehicle was searched. Upon searching the vehicle, police discovered two electrical shock-tube initiators, two lengths of blasting cables, one battery, and one full

blasting cartridge with an estimated street value of R25,000,” said police spokesperson colonel Adele Myburgh. As a result, the duo were immediately arrested for the unlawful possession of explosives, thus contravening Section 128 of the Explosives Act, 1956 (Act No. 26 of 1956). Freddy Molesiswa (47) appeared before the Brits Magistrates’ Court on Monday, 17 July. According to National Prosecuting Authority (NPA) spokesperson Lumka Mahanjana, “Freddy Molesiswa’s case was postponed to 24 July for a formal bail application. He will remain in custody until then. The other 39-year-old suspect’s case was not enrolled due to insufficient evidence.”

During the take-down, police discovered two electrical shock-tube initiators.

Police confiscated a battery along with other explosives paraphernalia.

MAN ARRESTED IN CONNECTION WITH THEFT OF RHINO HORNS

Mahikeng - Lefa Mankgaba (46) was apprehended in the Rustenburg central business district on Friday 14 July 2023. The suspect’s arrest is related to a break-in at the North West Parks Board in Mahikeng in the early hours of Monday 26 June 2023, where 51 rhino horns were stolen.

“Mankgaba, appeared before the Mahikeng Magistrate’s Court on 19 July. Bail opposition is in progress, and his case has been postponed to 21 July where he will appear with Lindani Mthombeni (32) and Elias Mangande (40) who also appeared before the Mahikeng Magistrate’s Court on 19 July,” said Hawks spokesperson lieutenant colonel Tinyiko Mathebula.

The two remaining passengers of the Ford Ranger were declared to be in a stable condition. According to information received, the driver of the Ford Ranger succumbed to his injuries and passed away the following day, and the driver of the truck was declared as being in a stable and non-critical condition on scene. PROTEST DISRUPTS ZINNIIVILLE INDUSTRIAL AREA

Rustenburg – Word spread on Monday 17 July 2023 of the ‘Claster 1 Business Chamber’ seven-day Zinniaville industrial shutdown. Sources reported that roads were closed at the Rainbow Chicken outlet, the Townlands Road, and the Dr Moroka level crossing. Some warned that the situation could be volatile and that the protesters could act on provocation. However, no reports of violent incidents were received.

“As news circulated of the protest, I only opened my shop at 12:00 on Monday because employees and customers were hesitant to travel,” said a business owner in the industrial area.

“But by Tuesday everything had been cleared up. I am not certain, but it was heard that the chamber, which sought to improve local employment, reached an agreement with a couple of parties to have a meeting on the 19 July.”

Mike Bolhuis gives more insight into kidnappings

SA – According to specialist investigator Mike Bolhuis, the increase of kidnappings in South Africa can be attributed to:

1. Socio-economic inequality: South Africa has a high level of socio-economic inequality, contributing to the prevalence of crime, including kidnappings. Economic disparities and lack of opportunities can push individuals towards criminal activities for survival or financial gain. Kidnappings, particularly those motivated by ransom demands, can be driven by the desperate circumstances the perpetrators and the victims face.
2. High crime rates: South Africa has a relatively high crime rate compared to many other countries. Factors such as poverty, unemployment, drug abuse, and gang activity contribute to a general crime environment. Kidnappings can be a manifestation of this broader criminal landscape, often driven by organised crime syndicates or individuals seeking to exploit vulnerable individuals for financial gain.
3. Weak law enforcement: South Africa faces challenges related to the effectiveness and capacity of its law enforcement agencies. Limited resources, corruption, and inefficiencies can hinder the proactive prevention and swift response to criminal activities like kidnappings. Criminals may perceive a low risk of apprehension, emboldening

them to carry out such acts more frequently.

4. Targeting of high-value individuals: Kidnappers in South Africa often target individuals perceived to have significant financial resources or belong to wealthy families. The expectation of substantial ransom payments drives this targeting. High-profile individuals, businesspeople, and their families may become targets due to their perceived wealth and the potential for sizable payouts.
5. Regional dynamics: South Africa’s geographical location and its status as a relatively prosperous country within the region can attract criminal elements from neighbouring countries. Transnational criminal networks may operate across borders, using South Africa as a base for their activities, including kidnappings.
6. Socio-political tensions: South Africa has experienced various social and political tensions, which can contribute to an environment conducive to criminal activities. Social unrest, political instability, can create conditions where kidnappings occur more frequently, often as a means to exert control, make political statements, or cause disruption.

Mike Bolhuis, Specialised Security Services, press release extracts, 18 July 2023.

Head-on collision claims two lives

Rustenburg – Two vehicles were involved in a head-on collision on the R24 just outside Rustenburg on Monday 10 July 2023. Tragically, the driver and front-seat passenger of the black sedan died at the accident scene. Med 24/7 and Trauma Rescue attended the scene and transported the injured to Netcare Ferncrest Hospital and Job Shimankana Tabane Hospital. Trauma Rescue industrial manager Hennie Madeley advised that drivers and passengers should wear their safety belts at all times, keep to the speed limit, and only overtake if it is absolutely possible and safe.

The R24 death toll rises.

SUSPECTED HIJACKER ARRESTED

Rustenburg/ Mogwase - Abraham Alexander Mkhabela (31) was set to appear before the Mogwase Magistrates’ Court on Monday 17 July 2023 on a charge of hijacking. However, according to National Prosecuting Authority (NPA) spokesperson Henry Mamothame, “The matter was not enrolled pending investigation. There are issues that need to be clarified before the matter can be enrolled.” Mkhabela’s arrest came after information was received and operationalised by members of Rustenburg Public Order Policing (POP), Visible Policing, and Crime Intelligence on Sunday evening 9 July 2023. The team proceeded to an identified flat in Rustenburg where Mkhabela was found sleeping. He was immediately arrested, and police seized a police reflective jacket. “Mkhabela is linked with three hijacking cases in Sun City, Phokeng, and Mogwase, and for a case of possession of an unlicensed firearm and ammunition in Sun City. These cases were reported between June 2016 to June 2023,” said police spokesperson colonel Adèle Myburgh.

SPCA serves up a spicy curry fundraiser

From left: SPCA manager Marisa Kruger, SPCA committee member Suenell van der Walt, and SPCA field officer Olivia Ramagoma.

Platinum Weekly journalist Cayla Gerber (left) collected our curry and rice order and checked in with SPCA committee member Suenell van der Walt on the day's plan of action.

Rustenburg – On Tuesday 18 July 2023, committee members and staff of the Rustenburg Society for the Prevention of Cruelty to Animals (SPCA) sold curry and rice at R30,00 per serving in a bid to raise funds for the care of the animals under their protection. On the day before the fundraiser, SPCA committee members, Suenell van der Walt, Elvera Viljoen, Charnelle de Beer, Helena van den Brink, and Loraine van der Merwe, banded together and prepared 200 hearty servings of curry and rice. "Mahindra Rustenburg generously sponsored 25 kilograms of mince, and with some funds left in our reserves from previous fundraisers, we purchased the rest of the ingredients," said SPCA committee member Suenell, who was among the small army of chefs. "As an NPO animal shelter, times are always tough. But with the heart and help of the Rustenburg community we manage to keep things afloat. I don't know where the SPCA would be without the community's support. A big thanks from ourselves and the fur-babies to everyone who supported the initiative—you are our heroes!" After catching up on the day's outcome, *Platinum Weekly* is happy to report that the fundraiser was a success as all servings were sold and proceeds went towards the daily upkeep of the SPCA. "The Rustenburg SPCA is grateful for the community's continuous support. We cover a vast area in and around Rustenburg, and the animals in our care rely on support from the community which upholds their wellbeing," said SPCA manager Marisa Kruger.

If you would like to help the animals at the SPCA's, you can support them by donating any of the following items on the SPCA wish list:

Job Shimankana
Tabane Hospital
appoints specialists

Rustenburg - Job Shimankana Tabane (JST) Hospital is delighted to announce the appointment of paediatric cardiologist, Dr Duduzile Precious Msiza. Her appointment means that JST Hospital is the only public hospital in the North West to acquire paediatric cardiology services.

A paediatric cardiologist is a doctor who specialises in diagnosing and treating cardiac-related conditions in children. Msiza was part of the team who made history in the North West province on the 27th of June 2023 when the very first congenital atrial septal defect was treated with a percutaneous closure procedure. Her appointment will greatly benefit the community of Bojanala as children historically had to be sent to other provinces for cardiac interventions.

Other critical recruitments to the current structure of specialists includes the appointment of 17 specialists. These appointments mark a significant milestone in improving the quality of healthcare services and increasing life expectancy for residents of Bojanala.

Two new departments have been established, namely dermatology and ear, and nose and throat. JST is one of only two hospitals in the North West in the public sector which provides dermatological services. A Dermatologist specialises in diagnosing and treating various skin conditions, including those affecting the nails, hair, eyelids, nose, and mouth. Both of these two new services opening also means reducing the number of patients being sent to other facilities outside of the district/ province.

The breakdown of the appointments are as follows:

- | | |
|--------------------------|------------------|
| 1. Anaesthesiology | 7. Ophthalmology |
| 2. Dermatology | 8. Paediatrics |
| 3. Ear, nose, and throat | 9. Psychiatry |
| 4. Internal Medicine | 10. Surgery |
| 5. Orthopaedics | 11. Urology |
| 6. Oncology | 12. Radiology |

The appointment of specialists in these departments is a testament that JST hospital is committed to delivering comprehensive and advanced clinical healthcare services to the community of Bojanala. The hospital aims to enhance quality of patient care and improve the overall healthcare outcomes for the population of Bojanala. JST hospital remains committed to the mission and vision of delivering accessible, high-quality healthcare services and improving the overall life expectancy and wellbeing of patients.

WHAT'S Cooking?

Danika's meringue recipe is great for any occasion.

A sweet and easy lemon meringue.

Lemon Meringue

Rustenburg – “My mother-in-law is an excellent baker, and this motivated me to try my hand at baking. But I soon discovered that baking was not my niche, although I still love to give it a try as often as possible,” said Danika Minnaar who decided to share her lemon meringue recipe. This is one of Danika's favourites as it's easy to make and delicious. “Because many people think it's difficult to make, friends and family are always very impressed when I bring it to family gatherings.” It's her go-to recipe for any occasion but she advises that every step must be followed exactly as the recipe says.

Ingredients:

- 180 g crushed Bakers Tennis biscuits
- 90 g Melted butter
- 400 g Sweetened condensed milk
- 1/2 Cup of fresh lemon juice
- 3 Eggs separated
- 1/2 Cup castor sugar

Method:

1. Crush the biscuits by placing them in a plastic bag and rolling them with a rolling pin.
2. Mix the crushed biscuits and melted butter together and press the mixture firmly into a medium-sized oven-friendly dish/pie pan and place in the refrigerator.
3. In a different bowl blend condensed milk and lemon juice.
4. Add lightly beaten egg yolks and mix well.
5. Pour the mixture evenly onto the cookie crust.
6. Beat egg whites until stiff, then gradually beat in castor sugar.
7. Spoon the egg white mixture on top of the lemon filling.
8. Bake in a preheated oven at 160°C for 10-15 minutes, until the meringue is golden.
9. Let the meringue cool down before serving.

Inspired by prospects of exporting under AFCFTA

Rustenburg – North West businesspeople who attended an awareness workshop on the implementation of the African Continental Free Trade Area (AfCFTA) agreement were inspired by the prospects of exporting their products to the rest of the continent under the agreement. The workshop was hosted in Rustenburg on Tuesday 18 July 2023 by the Department of Trade, Industry and Competition (the dtic), in partnership with the North West Development Corporation (NWDC). The workshop was the eighth in a series of workshops that the department is hosting throughout the country with the aim of exposing the country's businesspeople to export opportunities that are presented by the AfCFTA. The appetite of the North West businesspeople was evident by the myriad benefits accruing from and a plethora of opportunities that trading under the agreement will create. These were reeled off by the director of Africa Bilateral Economic Relations at the dtic, Calvin Phume. “There are unlimited benefits and opportunities offered by the AfCFTA. Through the elimination of tariffs and trade barriers, the agreement opens up vast markets,” said Phume. He added that the AfCFTA was a flagship project

of Agenda 2063 aimed at creating a single African market for goods and services facilitated by free movement persons, capital, investment to deepen economic integration, promote and attain sustainable and inclusive socio-economic development, gender equality, industrialisation, agricultural development, food security, and structural transformation. The workshop was also aimed at empowering the North West businesspeople by equipping them with information that will assist them to succeed in international trade. To this end, officials from numerous government agencies shared information on a variety of important international trade-related matters such as export regulations and standards; quality management systems; export control process and requirements; access to finance and export finance insurance solutions. After the session, Rustenburg pig farmer Ipeleng Thethe of Tsathago Piggery said the workshop was an eye-opener to her as she did not realise that there was so much assistance that government can provide companies with to trade internationally. “I learnt that these export opportunities are not only for big businesses but small business entrepreneurs like us can also take advantage of them. The information was really empowering

as we are also aiming to export to neighbouring countries as we grow. The presentation of the national department of agriculture provided quite a lot of valuable information related to us as pig farmers,” said Thethe. **Department of Trade, Industry and Competition (the dtic) press release extracts**

Truck drivers use emergency lane for overnight stop and stay

[Letter to the Editor]

Rustenburg – Each day I travel to and from work on the R24. When I return home later in the evening, usually at around 21:00, I always notice a long line up of trucks parked within the emergency lane on the side of the former Orange Grove just before the turn off to Rex Road. According to the National Road Traffic Act, it's illegal to drive within the yellow line—let alone park in it! To my knowledge, one can only move into the yellow line in the case of a breakdown or medical emergency. This issue means that if motorists should have vehicle breakdowns along that stretch of road, there would be no space to move into, meaning that the motorists would be susceptible to accidents. It is also worthy to mention that the R24 is already a road where accidents frequently occur, meaning that this only adds to the problem. As this has been going on for a long time, my question is, why does this seem to be okay and why does it go unnoticed by officials?

Truck drivers parked for a good night's rest in the emergency lane, leaving no space for motorists to move to in the event of a breakdown or emergency.

Sonstraal Preschool's donation collection

Rustenburg – It was a truly heartwarming sight on Tuesday 18 July 2023, as Sonstraal Preschool embraced their unwavering spirit of compassion and community support. With the help of parents, learners of the school brought donations with the purpose of benefiting the Mōrester Child and Youth Care Centre.

One of Sonstraal's teachers, Antonet Nortman shared, "Sonstraal Preschool is more than just a school, it's a place where every child's value is cherished. We believe in the power of learning through play, and our children are the heart of our passion. We extend our heartfelt gratitude to the Sonstraal's parents for their generous contributions to our Mandela Day project". A young learner at the preschool beautifully expressed, "You never have to feel alone. God is always there". This heartfelt sentiment resonated with everyone involved, inspiring a sense of togetherness and reassurance. They managed to collect a significant amount of food, warm blankets, and made the delivery to Mōrester.

CELEBRATING SHARED VALUE

INVESTING IN GOOD-QUALITY EDUCATION

Education is central to our endeavour to drive a long-lasting and positive impact in our communities and our contribution facilitates access and contributes to skills development.

Improving the learning environment

Over the past decade, Sibanye-Stillwater has collectively invested more than R2 billion into quality education. This investment has been distributed across multiple areas, including tertiary study bursaries, learnerships within our operations, graduate internship programs, as well as portable skills and cadetship programs aimed at enhancing the skillset of our surrounding community. Additionally, we have invested in adult education and training. A significant portion of our investment has been directed towards school infrastructure, involving renovations and construction at 16 schools. Alongside this, we have offered developmental support in schools and have implemented Human Resource Development programs. These aforementioned initiatives constitute the majority of our commitment to improving access to quality education, and their specifics will be elaborated in the following sections of this document.

Bursaries

Since 2016, Sibanye-Stillwater has provided approximately R139 million in financial support which enabled a total of 2,585 learners in South Africa to pursue careers in various fields of study such as mining, engineering, finance and human resources.

Cadetship programme

The cadetship programme is designed to provide skills development for unemployed youth in communities surrounding Sibanye-Stillwater's operations. They are provided with basic skills required to be eligible for employment at entry-level job categories of mining and metallurgy. Over R31 million has been spent towards 2,806 cadets.

Sibanye-Stillwater - creating superior shared value

Internship programme

The Intern Graduate Development programme provides work-related exposure and professional development for students who are completing or have completed their university studies in the Group's core business areas of mining, engineering and mine-specific technical service disciplines such as metallurgy, chemical engineering and geology. To date, 1,763 learners in South Africa have participated with over R466 million being spent in the internship programme since 2016.

Learnerships

Sibanye-Stillwater's learnership programme responds to the need for skills development in the mining sector and the wider South African economy. In addition to providing skills development training, the programme aims to increase the employability of young people by providing them with relevant work experience. In response to this, Sibanye-Stillwater has provided 7,969 learners with opportunities within mining and engineering and has spent R1.2 billion towards the programme.

Portable skills

The Group established the portable skills programme to provide retiring or incapacitated employees with essential skills to earn a livelihood outside employment at the mine. The initiative, focusing on vocational skills such as plumbing, carpentry, sewing, welding and additional entrepreneurship and computer skills, has since been extended to members of our labour-sending communities. Since 2016, a total of 4,056 beneficiaries have participated in the programme with an investment of over R75 million.

Adult Education and Training (AET)

Sibanye-Stillwater offers an AET programme for employees and other residents of the communities around its operations. The programme is designed to equip participants with basic competencies, including reading, writing, and effective communication. To date, 9,192 have participated in the programme since 2016. A total of R571 million has been spent towards AET programmes.

Have you ever seen snow?

Earlier this month, Johannesburg and other parts of South Africa were dusted with rare snowfall. For some people, the snowfall was a first-time treat to witness as pictures flooded social media, while others went about their day without paying it much attention. With that said, have you ever seen snow?

No, I've never seen snow before. It doesn't get cold enough for snow in Rustenburg. But I would like to travel and witness snow with my own eyes one day.

Dillon James

No, I've never seen snow before. I wish I had the opportunity! But ironically, I hate the cold weather, so I don't know if I will actually enjoy it.

PROVERBS 12

The House of the Righteous Shall Stand
12 Whoever loves instruction loves knowledge, But he who hates correction is stupid.

2 A good man obtains favor from the Lord, But a man of wicked intentions He will condemn.

3 A man is not established by wickedness, But the root of the righteous cannot be moved.

4 An excellent wife is the crown of her husband, But she who causes shame is like rottenness in his bones.

5 The thoughts of the righteous are right, But the counsels of the wicked are deceitful.

6 The words of the wicked are, "Lie in wait for blood," But the mouth of the upright will deliver them.

7 The wicked are overthrown and are no more, But the house of the righteous will stand.

8 A man will be commended according to his wisdom, But he who is of a perverse heart will be despised.

Die jong Franse Hane het behoorlik koning gekraai in die finaal teen Ierland en wen 50-14. Vir die Haantjies was die oorwinning soet want hulle het vroeër vanjaar teen die Iere verloor in die Ses Nasie reeks. Die jongelinge van Frankryk was net eenvoudig in 'n ander klas en hulle oorwinnings getuig daarvan:
Wen 75-12 teen Japan
Wen 35-14 teen Nieu Seeland

2023 Rugby Kampioenskapsreeks
NiVeul Seeland vs Suid Afrika:
In Auckland hardloop die All Blacks die Bokke in die eerste twintig minute van hulle voete af. Steven Kitshoff sê dat dit gelyk het of hulle teen geeste gespeel het...lol.
Die Kiwi's wen gemaklik 35-20 en klop die Bokke met puik spel. Die Bokke se

sogenaamde "*bomb squad*" is begroet met 'n ewe gedugte Kiwi *bombers*. Die reeks word oor twee weke hervat vir die laaste *games* en die Bokke sal dan teen die Argentynse in *Jo'burg* uitdraf. **Australië vs Argentinië:** Die Pumas druk die wendrie in beseringstyd en breek duisende Aussie harte. Dit was 'n lekker opwindende *game* en beide spanne het die bal lekker rondgegooi. Die Pumas wen 34-31 en sal oor twee teen die Bokke in *Jo'burg* uitdraf. Die Aussies gaan in Melbourne teen die All Blacks kragte meet.

IMPALA RUGBYKLUB BUIG NIE VIR KOMPETISIE NIE!

Rustenburg – En so vlieg die bal oor Matlosana se rugbyvelde! Impala Rugbyklub het ons trots gemaak op Saterdag 15 Julie 2023 toe hulle teen Klerksdorp se manne horings gesluit het. Impala se eerste span wen 42-31 en die tweedes klop ook hul teenstanders met 'n naelskraap telling van 7-3.

Nou is hul oë gerig op die komende naweek wanneer hulle teen die Stilfontein Hurricanes

gaan uitdra. Die wedstryd word op Rustenburg Hoërskool se A-veld op Saterdag 22 Julie 2023 gespeel. *Dié Vision Sports President Nesper League* wedstryd is dan ook die laaste pool-wedstryd voor die semi-finale.

“Ek nooi alle Rustenburgers hartlik uit om die stryd teen die Stilfontein Hurricanes te kom geniet saam met ons,” sê klubvoorsitter en spanbestuurder Trevor Visser.

- Ages 9 years to 15 years: Two doses, 6 months apart.
- Ages 15 years and older: Three doses at 0 months, 2 months & 6 months.

ORAL HEALTH

Oral health refers to more than just a beautiful smile. It also involves the health of the teeth, gums, and the entire oral-facial system that allows us to smile, speak, and chew.

You may not be aware, but you could have Halitosis, a dental condition that affects the way your breath smells. It's caused by bacteria on the tongue and in the throat and it can lead to future health problems. One of the most effective ways to prevent bad breath is a daily oral routine – brushing, flossing, cleaning the tongue and using an alcohol-free mouthwash every day, as recommended by dentists.

Speak to our in-store consultants for Better Advice.
