2 CORINTHIANS 4

The Light of Christ's Gospel
4 Therefore, since we have this ministry, as we have received mercy, we do not lose heart. 2 But we have renounced the hidden things of shame, not walking in craftiness nor [a]handling the word of God deceitfully, but by manifestation of the truth commending ourselves to every man's conscience in the sight of God. 3 But even if our gospel is veiled, it is veiled to those who are perishing, 4 whose minds the god of this age has blinded, who do not believe, lest the light of the gospel of the glory of Christ, who is the image of God, should shine on them. 5 For we do not preach ourselves, but Christ Jesus the Lord, and ourselves your bondservants for Jesus' sake. 6 For it is the God who commanded light to shine out of darkness, who has shone in our hearts to give the light of the knowledge of the glory of God in the face of Jesus Christ.

A NEW ERA OF SHOPPING SPLENDOUR!

Rustenburg – The unveiling of the new Food Lover's Market Cornerstone on Thursday, 23 November 2023, marked a momentous day for local shoppers. The largest privately-owned retailer in South Africa, Food Lover's Market, has expanded its horizons by launching a store that promises an unrivalled shopping experience. The well-trained team at Cornerstone opened their doors with a pledge to deliver top-notch service to our community—a promise they have fulfilled beyond expectations.

Shoppers stepping into the store were met with a spectacle of freshness and quality. 'It's clean and pristine,' remarked Ina Visser, a shopper who loved the bright lighting and spacious aisles that made her shopping experience a delight.

The store boasts energy-efficient fridges and features an abundant fresh produce section, offering a visual feast of vibrant fruits and vegetables. It houses one of the largest gourmet butcheries in the Food Lover's Market chain, an on-site bakery brimming with the aroma of freshly baked goods, and a fresh seafood department. The cheese and deli counters, alongside an upmarket wine department, add to the store's luxurious feel. But the indulgence does not end there. Shoppers can relish freshly prepared foods including Crispy Chicken, Bubs Fish & Chips, Pie O'My, and an exotic Sushi and Biltong Bar. For those with a health-conscious palate, the store also has a dried fruit and nut bar and a variety of offerings at The Fresh Society,

Love Health, and Health & Happiness section. The weigh-in section is another unique feature, allowing shoppers to select and weigh their own frozen vegetables, berries, and spices. Thato Matshidiso, another satisfied customer, couldn't hide her enthusiasm: 'It's just perfect! Everything is orderly,' she said, praising the bakery for their variety. The expansive 4,428-square-metre store includes a Seattle Coffee Co at the entrance, allowing shoppers to recharge with a cup of coffee as they plan their shopping journey.

Children are not left out of this grand shopping adventure, as the store transforms into a food theatre with interactive performances. Animated vegetables greet customers at the entrance with a dance, and a penguin show at the seafood department is sure to enchant with the touch of a button.

Hannes van Heerden, an experienced retailer with two decades in the Food Lover's family, manages the new addition to Rustenburg, supported by a robust staff team of 183 members procured from Rustenburg and its surrounds. This team is well-versed in customer service, trained to embody the Food Lover's Market values, and thoroughly knowledgeable about the products, ensuring every customer leaves satisfied. With many fully-staffed tills available, Food Lover's Market Cornerstone is not just a store; it's a destination where shopping is transformed into an experience, blending gourmet with convenience and a dash of fun!"

UPDATE FOLLOWING IMPALA RUSTENBURG 11 SHAFT TRAGIC INCIDENT

Rustenburg – Impala Platinum Holdings Limited (Implats) confirmed that as of late Tuesday afternoon 28 November 2023, 75 employees involved in the 27 November 11 Shaft accident remain hospitalised, 14 of whom are deemed to be in a critical condition. All employees involved in the accident were admitted to hospitals, some as a precautionary measure. Of the 86 employees involved in the accident, 74 remain in hospital. With an additional fatality reported on Wednesday 29 November, which brings the total number of employees who have died due to the 11 Shaft accident to 12. Implats CEO, Nico Muller, said: "All mining operations at Impala Rustenburg were proactively suspended on Tuesday 28 November 2023 with our first responsibility and priority being the safety and wellbeing of our employees at the mine. Operations at 11 Shaft and 11C Shaft will remain closed until all internal processes are complete — we are conducting these with officials from the Department of Minerals Resources and Energy.

At this time of profound grief, our thoughts are with the families mourning their loved ones. We stand in solidarity with our employees, their families, communities and indeed everyone impacted by this heartbreaking event. In accordance with our We Care programme, Implats will provide ongoing support to the families of the deceased and has set aside funds to cover their funerals. In addition to normal Company funding, the Group will financially support the children of our lost colleagues, from birth through to the completion of their tertiary studies. I also reiterate my gratitude for the immediate assistance provided to us by our peers in the broader mining community. More than 15 specialist rescue teams, called proto teams, were deployed to 11 Shaft. Other mining operations sent all available ambulances to Impala Rustenburg to assist in transporting our injured colleagues to the nearby hospitals, with paramedics deployed to give medical assistance". The accident involved the personnel conveyance

(elevator, or lift) at 11 Shaft. 11 Shaft is approximately 1,000 meters deep with operations across 20 levels. After ascending as scheduled towards 17 level, the conveyance unexpectedly reversed direction and began descending back down through the shaft. The emergency protocol for such an incident was immediately and automatically activated. Regrettably, although the winder rope remained intact, the emergency protocol failed to immediately arrest the lift's rapid descent. The lift came to a sudden stop at 20 level, some 180 meters below 17 level close to the bottom of 11 Shaft, when the counterweight, which balances the conveyance system reached the top of the winding infrastructure on surface, and as designed, was caught in jack catches. This resulted in a sudden, almost instantaneous deceleration, the force of which severely impacted the 86 employees who were standing upright in the three levels of the lift at the time. Given that the lift was still attached to the winder rope as it slipped, the lift was not in freefall and, as a result, the precise break force is not currently known. The mechanisms used to operate the conveyance system, and the safety protocols involved in arresting falls in such systems, are known to be safe and are used in mining operations globally. The failure of the arrest safety protocol is therefore unusual, highlighting the tragic nature of this accident. While Implats has a strong understanding of what happened on Monday, it is still investigating how it could have happened, and the answer to that

question and other concerns may take some time to accurately establish. Implats is working closely with the relevant authorities and will provide additional updates when possible and appropriate. Implats thanks the members of the emergency response teams who worked tirelessly and under extremely trying conditions to bring 86 colleagues to the surface throughout the night and into the early hours of Tuesday morning. Implats is grateful to the many healthcare professionals and medical facilities for responding so quickly and professionally its time of need. Safety remains the foremost priority for Implats, and we are devastated we have not been able to sustain the great strides taken in achieving the lengthy fatality-free performance the team at 11 Shaft had worked so hard to achieve. Investigations into the incident will continue until all possible causes are identified, and mitigating actions will be implemented Group-wide to prevent another accident of this nature. Should any human error or negligence be found to have contributed to this tragedy, we will act firmly and decisively. While production at 11 Shaft and 11C Shaft will remain suspended until further notice, all other Impala Rustenburg shafts will resume on Thursday 30 November 2023. Implats will provide updates when new information becomes available.

MOTHER AND DAUGHTER SHOT IN COLD BLOOD

Brits - Paul Prinsloo (61) appeared before the Brits Magistrates' Court on Wednesday 29 November 2023, for the alleged domestic violence-related double murder of his wife, Catherina Magdalena Prinsloo (58), and stepdaughter, 31-year-old Ruzanne Weideman. He was remanded in custody until his next court appearance on Wednesday 6 December.

"The accused's court appearance emanated from an apparent domestic violence incident reported at about 14:30 on Monday 27 November, in Kosmos, Hartbeespoortdam. Allegedly, the accused was involved in an argument with his wife and stepdaughter. He then took a hunting rifle and shot both women, who were declared dead at the scene by Emergency Medical and Rescue Services (EMRS). Paul Prinsloo was arrested on the scene, shortly after the incident. The motive of the incident is yet to be determined," said police spokesperson colonel Adélé Myburgh.

The provincial police commissioner, lieutenant general Sello Kwena, is appalled by the incident, which occurred at the beginning of the 16 Days of Activism For No Violence Against Women and Children, and at the victims' own home where they were supposed to feel safe. Regrettably, the crimes were perpetrated by someone who was supposed to be their protector. He urged the public to work together with the police and various stakeholders to accelerate actions to end Gender-Based Violence and Femicide (GBVF).

From left: Bafokeng Women's Club administrator Tshepiso Romorna, chairperson Puseletso Phetoe, patron and princess Motswana Molotlegi, attendee Onoriseng Nameng, vice chairperson Refilwe Rammlitwa, and treasurer Shirley Molatsi.

Phokeng - The Bafokeng Women's Club (BWC) held a successful night of song and serenade, accompanied by good food supplied by local vendors, at Lebone II - College of the Royal Bafokeng on Saturday, 25 November 2023. The evening really transported the audience on a musical journey, with audiences young and old being treated to rich, soulful music from four local artists and the ever so talented master of ceremonies, Jones Blaque Jesus—who added a touch of humour to the evening. The inspirational evening opened with a glorious duet as an introduction to the night ahead. Shanice, former Lebone alumni and lover of Gospel music, born and bred right here in Phokeng, took attendees on a personal musical journey, sharing her heart-warming experiences through song. Next up was Annabelle, also known as Refilwe, a young emerging artist whose voice captivated the audience. Third on the musical agenda was Dee Afriq, whose rich, bold voice echoed in the Lebone hall, and lastly Ma-O, a versatile performer whose music has afforded him international exposure. In a musical collaboration, the group closed the event in soulful melody.

In its first-ever musical fundraiser in collaboration with Lebone College II, Land Rover Rustenburg, and Siga Capital, one could say that the BWC's passion played an active role in transforming lives by promoting and celebrating young local artists and talent. The BWC, rooted in the North West Province, Phokeng, has been a driving force in empowering communities and fostering positive change. The club is a beacon of community development since its establishment in 1970 by the late Queen Mother (Mmemogolo) Dr Semane Bonolo Molotlegi. The aim is to expand and serve as a vehicle for community activities in areas within the North West and other provinces in South Africa. BWC is a non-profit organisation, and its members consist predominantly of Bafokeng women, but it welcomes all women who are interested, provided they adhere to the organisation's constitution. It promotes active participation, empowerment of women and youth, and it identifies challenges and opportunities that promote inclusive socio-economic development and community transformation.

BWC, press release, November 2023.

POLICE ARREST FOUR SUSPECTS FOR MOB JUSTICE-RELATED MURDER

Mooi-nooi - Mooi-nooi police arrested four suspects between the ages of 17 and 35 on Friday 24 November 2023, in connection with the murder of a 23-year-old man at the Saproa section, Majakaneng village, near Mooi-nooi. At about 04:00 on Friday 24 November, a group of people went to a house where they allegedly assaulted a male and forcibly pulled him out to the street, where they tied him with a wire and burnt him using paraffin. The incident was reported to the police three hours later. "Upon arrival at the crime scene, the police found the naked body of a male with visible injuries and burn wounds, lying on the ground next to a dumping site. The deceased's mother identified him as Samuel Mudau (23). Subsequent to investigations by the police, Mpho Matlala (31), Gontse Boikanyo (20), and Tebogoo Boikanyo (28) were arrested for murder," said police spokesperson colonel Adélé Myburgh.

The accused appeared before the Brits Magistrates' Court on Monday 27 November. They were remanded in custody and are expected to appear again before the same court on Monday 5 December for a formal bail application. Meanwhile, the fourth suspect, who is a minor, will appear at a children's court on Friday 1 December.

The provincial commissioner, lieutenant general Sello Kwena, once more warned the community not to take the law into their own hands. He also thanked the Mooi-nooi detectives for their meticulous investigation that led to the arrests.

BRAZEN HARASSMENT AT ATM

Rustenburg - On Friday 24 November 2023, a man attempted to make a transaction at an ATM situated at a garage in Geelhoutpark. As the victim attempted to insert his bank card into the ATM, two individuals approached him under the guise of assistance; one man distracted him by pretending to give him instructions while the second shoved the victim aside. Distracted for a moment, the victim found himself without his card while the perpetrators hastily made their escape. According to information, the culprits managed to withdraw a total of R21,500 using an ATM and online methods. A bystander says, "In a similar incident, there were four guys with a white Ford Fiesta doing the same thing at a shopping centre in the area." *Platinum Weekly* reached out to SAPS for comment but had received no update at the time of going to print.

As the festive season approaches, criminals assume that victims are in possession of large sums of money, so the public is advised to exercise extra caution at ATMs.

Accident on Buffelspoort road in leaves 72 injured

Rustenburg - On the morning of Thursday 23 November 2023 an accident occurred on the Buffelspoort R104 road at approximately 08:30. It was reported that passengers were being transported to work by a truck when the truck drove down a decline and ended up on the side of the road.

Various emergency medical services (EMS) teams worked diligently to treat and transport the 72 individuals affected by the accident, addressing injuries ranging from moderate to mild.

Water quality concerns noted in Rustenburg Local Municipality supply area

Rustenburg - Magalies Water acknowledges the recent water quality complaints received in the Rustenburg Local Municipal area of supply. The discoloured water experienced in recent days was primarily due to the pipeline repair work carried out on the Bospoort pipeline on Saturday 25 November 2023. The raw water quality has also deteriorated amid the extreme heat wave and Magalies Water is taking corrective measures such as changing the abstraction level with the Department of Water and Sanitation. The raw water has high levels of manganese which has adverse aesthetic effects when found in high concentrations exceeding 0.1 Omg/L. Magalies Water stresses that there are no health effects at these concentrations, however there will be marginal aesthetic effects and water will be slightly discoloured. Magalies Water regrets the inconvenience that this has caused, and is working with the necessary speed, to ensure that water quality in the system improves and returns to normality. **Magalies Water, press release, Wednesday 29 November 2023.**

YOUR FRIDAY FUN FACT

Did you know?

Sweat itself is odourless, but it can start to smell when it meets bacteria on the skin. The type of bacteria on your skin and how it interacts with sweat is what leads to body odour, which can range from sweet to sour or tangy to onion-like.

As the centenary of Hartbeespoort Dam approached, *Platinum Weekly* has been engaging with locals to gather their most vivid memories and personal histories of Hartbeespoort Dam. Here are some of the stories they shared with us:

Mary Lombard: “My grandfather told me how our family (my great grandfather and his two sons) were involved in transporting labourers to work. They had a transport company (he used to call it a *transport* company). Apparently, the economy was in a serious decline at the time and the building of the dam contributed to employing hundreds of unemployed people. The then government paid the labourers a shilling for a specific period of time, and they were given food and accommodation. Labourers from all walks of life and all nationalities apparently worked at the dam”.

Miss Gerber: “Exploring Hartbeespoort Dam during my childhood was always a fun family trip. My father would take us to the zoo in Harties, and we would always get an ice cream. Sometimes we would go to the lookout point on the dam wall or just go and explore local shops for fresh produce”.

An anonymous local shared a remarkable story that their father recounted. It involved an incident at Hartbeespoort Dam with their father, grandfather, and eldest brother, who was around ten years old at the time. They were standing on a wooden pier when, suddenly, a creature emerged from the water onto the pier. A swarm of bees surrounded it, moving towards land, past their grandfather and brother. In total shock, they struggled to comprehend the sight before them. The creature, described as having horns, stood on its hind legs, possessed dragon-like claws for feet, and had a tail. In a panicked response, their father dove into the water, swimming away from both the creature and the bees. The grandfather, in turn, took the brother’s hand and dashed through the swarm to the dam’s shore.

Upon discussing the incident with their grandfather, who was a devout Christian, they found him reluctant to speak about it. He did, however, mention that neither the creature nor the bees seemed intent on causing harm, a realisation that dawned on them only in retrospect. The sight of the creature was simply too frightening at the moment. When the brother, described as a ‘forever scientist’, offered his perspective. He suggested that the creature might have been a species long extinct.

Hartbeespoort Dam’s centenary!

Hartbeespoort - The Department of Water and Sanitation minister, Senzo Mchunu, has assured that the Department, along with its entity in North West, Magalies Water, is working tirelessly to ensure the efficient rehabilitation of the Hartbeespoort Dam, which is affected by hyacinth and algae, thus negatively impacting the water quality of the dam.

Minister Mchunu spoke during the century celebration of the dam on Monday, 27 November 2023, at the Oberon Eagle Waters Resort, where he led a community engagement along with senior officials from Magalies Water and Madibeng Local Municipality, providing an update on the work being carried out to clear the hyacinth from the dam.

“We are aware of the hyacinth at the dam, and are very concerned. It is for this reason that we have appointed our entity in North West, Magalies Water, for a period of three years to develop and implement a programme that will deal with the invasive plant and the algae infesting the dam,” said minister Mchunu.

Magalies Water has since developed a Bioremediation Plan, comprising interventions which include the profiling and fingerprinting of problematic contaminants in the dam, removal of floating plants and debris from the dam to enhance its aesthetic value, and allow for biogeochemical processes, as well as the implementation of remediation technology to restore the dam’s ecological services.

While addressing hundreds of people who joined the Department and partners to commemorate the centenary celebrations, Minister Mchunu emphasised his commitment to overseeing the effective implementation of the Bioremediation Plan.

“I want to ascertain our commitment that we have indeed rolled up our sleeves to completely rehabilitate the dam. We also want to thank the organisations that continue to help out in any way they can and continue to hold us accountable for the work that we have been brought into the office to do. We all have a responsibility to ensure that the country’s water infrastructure is safeguarded,” minister Mchunu emphasised.

He further reiterated the ministry’s stance on the need to strengthen and enhance strategic partnerships in the sector, which are aimed at resolving water quality challenges of the Hartbeespoort Dam, including issues of solid waste and water pollution in the dam.

“I would therefore like to encourage all civil society organisations to work together with us as we work towards rehabilitating the dam,” minister Mchunu said.

Hartbeespoort Dam marked its 100 years of existence in September this year. The centenary celebration aimed to increase awareness of integrated water resource management and water quality, as well as enhance relations between the government, private sector, and the community towards ensuring effective integrated water resource management in and around the dam.

The dam was constructed in 1921 and commissioned in 1923. The primary purpose of Hartbeespoort Dam is to provide water for irrigation. Roughly, 80% of the water is used for irrigation, and the remainder is used for domestic consumption and compensation flows. The dam itself and the surrounding area currently offer tourism activities such as recreational boating, angling, mountain sports, and a variety of other activities such as hiking, angling, ballooning, hang-gliding, parasailing, and abseiling.

Ouma en Oupa Kersprojek in Rustenburg maak harte bly

Theolana Bass en Stephne Koekemoer het hierdie jaar vir die eerste keer Rustenburg verteenwoordig en die tehuise met spesiale geskenkboksies bederf.

Rustenburg – Die spesiale Ouma en Oupa Kersprojek, wat al 6 jaar lank as ‘n NPC-organisasie in Pretoria begin het, is nou landwyd aan die gang. Danksy Rustenburg se mense met hulle oop hande en harte, kon die projek vanjaar vir die eerste keer ook twee van die tehuise in Rustenburg bederf. Die projek het die Rustenburg Rusoord op 16 November en die Altkroondal-tehuis op 23 November 2023 besoek.

Die projek het begin as ‘n eenvoudige idee om oumas en oupas gedurende die Kersfees met ‘n spesiale geskenkie te bederf. Die belangstelling van skenkers was so groot dat die projek vanaf 2018 ‘n jaarlikse instelling op skenkers se kalender geword het. Wat aanvanklik net ‘n idee was, het intussen van krag tot krag gegroei en staan vandag as ‘n geregistreerde nie-winsgewende organisasie bekend.

Van die begin af het dit gesorg vir groot glimlagte en vreugde onder die oumas en oupas. Die projek word nou al in 20 dorpe regoor Suid-Afrika deur koördineerders gelei.

Theolana Bass en Stephne Koekemoer het hierdie jaar vir die eerste keer Rustenburg verteenwoordig en die tehuise met spesiale geskenkboksies bederf.

Daar word na die tehuis toe gegaan, en elke ouma en oupa kry die geleentheid om ‘n wenslysie in te vul vir Kersfees. Dit kan enige item wees, van seep, pantoffels, lekkers tot selfs net ‘n klein bederfie. Die waarde van elke boks is ongeveer R200 per boks, maar Rustenburg se skenkers het hulle met soveel meer bederf.

Die persoonlike wenslysie van die ouma of oupa word elektronies vanaf die koördineerder na die skenker toe gestuur. Die skenkers het deur middel van die projek se aanlyn skakel op Facebook op die Ouma en Oupa Projek gaan registreer en is dan daarvolgens gekoppel.

Die projek wil vir al die skenkers van Rustenburg baie dankie sê vir al die skenkings en die bederf vir elke Ouma en Oupa.

Indien jy in 2024 betrokke wil raak, hou asseblief die Facebook-bladsy dop: Ouma en Oupa Kersprojek.

SERIAL PROPOSER!

Rustenburg - A peculiar scene unfolded at the Waterfall Mall on Saturday, 25 November 2023, as a TikTok video capturing a surprise proposal went viral, warming the hearts of onlookers. The man behind the romantic gesture is Sonwabile Ngxito, a multi-talented individual known for his roles as a singer, actor, and founder of the clothing brand "Ncasa". Born and raised in Lethabong, Ngxito orchestrated the heartwarming proposal after releasing his latest song, *Umakoti* (meaning 'the bride' in Zulu). Ngxito said, "I thought of cheering people up with a beautiful scene, but mostly to make young anonymous ladies feel special for the day, and how it feels to be celebrated as a bride". Having previously executed a similar surprise proposal at Rustenburg Mall on 23 November, Ngxito continued the trend at Waterfall Mall two days later. The unsuspecting lady, swept up in the moment and cheered on by the crowd, graciously accepted the proposal. Ngxito expressed gratitude, stating, "I'd like to say thank you to the ladies for helping me heal the people of Rustenburg and South Africa with my voice in moments of joy and happiness". Witness Hannie du Preez, who observed the spectacle from Steak Out Grill with her husband, described the interesting moment: "We could not understand what was happening. We were simply enjoying our time at Steak Out Grill when we heard someone singing beautifully. We noticed the Spur staff approaching, and together they sang with the proposer as if in a choir. He pointed to the lady to whom he was singing and knelt on one knee".

Sonwabile Ngxito has become known for his random proposals.
